Subject: Label Amendment – Remove “Fungi” from the label
Product Name: Mergal 760
EPA Registration Number: 5383-149
Application Date: May 19, 2015
Decision Number: 505433

Dear Ms. Miksztal:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

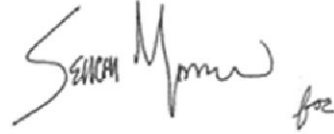

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 505433

with FIFRA section 6. If you have any questions, please contact Terria Northern by phone at 703-347-0265, or via email at northern.terria@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "John Hebert" with a stylized flourish at the end.

John Hebert, Chief
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER**

Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist.

Personal Protective Equipment (PPE)

Mixers, loaders and other handlers exposed to this product must wear protective eyewear, coverall over long-sleeved shirt and long pants, socks, chemical resistant footwear, chemical resistant apron, chemical-resistant gloves and respiratory equipment (respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter). Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly.

| FIRST AID | |
|--|--|
| IF IN EYES: | <ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. |
| IF ON SKIN OR CLOTHING: | <ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. |
| IF INHALED: | <ul style="list-style-type: none"> Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. |
| IF SWALLOWED: | <ul style="list-style-type: none"> Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. |
| Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. | |
| NOTE TO PHYSICIAN: | |
| Probable mucosal damage may contraindicate the use of gastric lavage following ingestion. | |

MERGAL®760

For Industrial Use as an Antimicrobial to Protect Polymer Emulsions, Emulsion Paint and Coatings, Mineral Slurries and Dispersions, Latices, Adhesives, Paper Coatings, Metalworking Fluids, Textile Spin-Finish and Coatings, Building and Construction Compositions, Inks, Leather Processing Solutions, Car Care Products: Car Washes, Car Waxes and Silicone Emulsions, Home Care Cleaning Products: Floor Cleaners, Floor Waxes, Floor Polishes and Surface Cleaners, Laundry Additives: Liquid Laundry Detergents, Fabric Softeners and Stain Removers and Pesticide Formulations.

ENVIRONMENTAL HAZARDS: This product is toxic to terrestrial plants, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

PHYSICAL AND CHEMICAL HAZARDS: Incompatible with oxidizing agents such as amines and reducing agents.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons.

GENERAL INFORMATION:

APPLICATION RATE: Mergal®760 is an effective preservative for use in aqueous or water-containing products and systems to control growth of bacteria. Use rates are 0.05-0.5% wt/wt of Mergal® 760 in the finished product. For example, use 0.5-5.0 lbs. of Mergal® 760 per 1000 lbs. of finished product. Do not apply at rates higher than 0.5%.

Mergal®760 is an effective preservative for control of microorganisms in:

- Polymer Emulsions, Emulsion Paint and Coatings, Mineral Slurries and Dispersions, Latices, Adhesives, Paper Coatings, Metalworking Fluids, Textile Spin-Finish and Coatings, Building and Construction Compositions, Inks, Leather Processing Solutions
- Pesticide Formulations (*Note: All pet products containing BIT as an inert ingredient must contain a maximum of 0.033% BIT.*)
- Household, Consumer, Institutional and Industrial cleaning products including: Soaps, Floor Cleaners, Floor Waxes, Floor Polishes and Surface Cleaners, Laundry Additives including Liquid Laundry Detergents, Fabric Softeners and Stain Removers and Surfactants.
- Solutions that are put into/onto wet wipes for use in industrial, commercial, residential and household uses as cited above. Wet-wipes containing a solution preserved with this product may not be used as baby wipes or for food contact.
- Package utility products including pre-moistened sponges and mops in uses cited above.

Mergal® 760 must not be used to formulate products that will have food use or contact.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE STORAGE: Protect from frost. If frozen, allow to thaw and stir well before use. For small spills, absorb with vermiculite or other noncombustible absorbent material and place into containers for later disposal. For large spills, dike far ahead of liquid spill for later disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
