Subject: Notification per PRN 98-10 – Update to reflect transfer of product and correct typographical errors
Product Name: Nuosept W Concentrate
EPA Registration Number: 5383-180
Application Date: November 13, 2015
Decision Number: 511120

Dear Ms. Miksztal:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Seichi Murasaki at murasaki.seiichi@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Seichi Murasaki" with a stylized flourish at the end.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, absorbed through the skin or inhaled. Do not breathe spray mist. Mixers, applicants and all other users should wash hands with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. If pesticide gets inside clothing, remove clothing immediately, wash thoroughly, and put on clean clothing. This product may cause skin sensitization reactions in some people.

Mixers, loaders, and other handlers must wear long-sleeved shirt and long pants; shoes plus socks; chemical resistant gloves such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, or polyvinyl chloride; protective eyewear such as goggles or face shield; and a chemical resistant apron. Users should remove personal protective equipment (PPE) immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

NOTE: READ THE MATERIAL SAFETY DATA SHEET BEFORE USING THIS PRODUCT.

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none">Hold eye open and rinse slowly and gently with water for 15-20 minutes.Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none">Take off contaminated clothing.Rinse skin immediately with plenty of water for 15-20 minutes.Call a poison control center or doctor for treatment.
IF SWALLOWED:	<ul style="list-style-type: none">Call a poison control center or doctor immediately for treatment advice.Have person sip a glass of water if able to swallow.Do not induce vomiting unless told to do so by a poison control center or doctor.Do not give anything by mouth to an unconscious person.
IF INHALED:	<ul style="list-style-type: none">Move the person to fresh air.If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

NUOSEPT™ W CONCENTRATE

EPA Reg. No.	5383-180
EPA Establishment Number	5383-NJ-001

ACTIVE INGREDIENT:..... % Weight
Bronopol..... 14.00%
5-chloro-2-methyl-4-isothiazolin-3-one 1.5%
2-methyl-4-isothiazolin-3-one..... 0.5%
INERT INGREDIENTS 84.00%
TOTAL..... 100.00%

NOTIFICATION

5383-180
The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

ENVIRONMENTAL HAZARDS

This pesticide is toxic to terrestrial and aquatic plants, fish, and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons.

Nuosept W Concentrate is a liquid in-can preservative and may be added at any point in the production process. For best results add it as early as possible in the manufacturing process. Avoid high temperature/high alkaline conditions.

Typical usage rates are 0.025 – 0.19% by wt. (35 - 266 ppm bronopol and 5 - 38 ppm isothiazolones) for adhesives and tackifiers (such as animal glues, rubber lattices, acrylic lattices), paints and coatings (such as architectural paints, water coatings such as for paper or wood, emulsions), building materials (such as caulks, joint cements, grouts, mastics, sealants, spackling, ready-to-mix cement, tape joint compounds), wallboard (drywall and gypsum board)*; lattices (such as synthetic and natural polymer lattices, starches and casein derived polymers, protein derived polymers), fountain solutions for lithographic printing operations*, photo processing*, inks/ink components*, metal working and metal cleaning fluids*, industrial water* such as process water*, wash water* and waste water*; industrial cooling water* and air washer systems*, consumer household and institutional products (such as dishwashing detergents, laundry detergents, laundry pre-spotters, fabric softeners, laundry spray starch, surface cleaners, all-purpose liquid cleaners, anti-tarnish products, furniture and floor polishes*, carpet shampoos and carpet pre-spotters, automotive cleaners, waxes, and polishes) as well as for package utility products* such as pre-moistened sponges and mops*; and other aqueous compositions* such as emulsions * and dispersions*, pesticide formulations*; pigment dispersions* and slurries*.

*These applications are not approved for use in California.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

NON-REFILLABLE CONTAINER. DO NOT REUSE OR REFILL THIS CONTAINER

PESTICIDE STORAGE: Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment. Do not allow to freeze.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.
