BEST AVAILABLE COPY

Gentlemen:

Subject: Key-5 Sanitizer Detergent
EPA Registration No. 5389-60
Resubmission of October 4, 1984

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

A. E. Castillo
 Product Manager (32)
 Disinfectants Branch
 Registration Division (TS-767C)

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SHAKE AND SOFT SERVE MACHINES

Closing Procedure

1. Retain line from machine
2. Flush system with lukewarm water until it runs clear
3. Completely disassemble all removable parts which contact the file and brush wash with a good detergent in a clean sink. With a similar cleaning solution brush wash the stationary portions of the machine including trade members, feed tubes and mix reservoir
4. Thoroughly rinse all disassembled and stationary parts with clean warm water
5. If sanitizing is required at this point, prepare a solution of Kay 5 (100 ppm available chlorine) following the direction table. Sanitize all parts and place parts on a clean surface to air dry. **DO NOT RINSE**

Opening Procedure

1. Just before start-up, sanitize assembled machine with one packet of Kay-5 dissolved in 2-1/2 gallons of lukewarm water (100 ppm of available chlorine). Run machine for 1-2 minutes, making certain all surfaces are contacted by sanitizing solution. Drain thoroughly. **DO NOT RINSE.**
(Note: Consult local ordinances for possible variation in procedures.)

STORAGE AND DISPOSAL: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area, or bury in a safe place.

SANITIZER

Chlorinating sanitizer for shake machines, soft serve machines and kitchen utensils.

Active Ingredients:

*Sodium Dichloro-s-Triazinetrione Dihydrate	6.0%
Inert Ingredients	94.0%
TOTAL	100.0%
*3.36% available chlorine
