CONDITION: SPREADER SETTING AND WEEDS TO BE CONTROLLED

NOTE: Sanderson, Plantain, Pigweed, etc. do not control in this weed,
CRABGRASS, POOR GRASS, etc. do not control other broad-leaved
lawn weeds.

DIRECTIONS

Use on true weeds and pigweed. Do not use on lawn if possible
2- hours before application. Mow lawn to 2 inches several
days before applying. Do not water lawn for 24 hours after application
is made. Better control is obtained if the weeds are in active growth.
This package treats 3,000 sq. ft. (50' x 60'). For smaller areas
use proportionate amounts.

SPREADER SETTINGS

Underlawn 1/8"
Scott 3/8"
Others Opening; should not exceed 1/8 inch

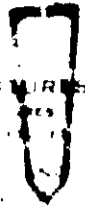

Note: Do not mow within 3 days after treatment. On new lawns use only
after second or third mowing. Clover and bent grass may brown tempora-
rily but usually recover quickly with normal watering. If necessary a
repeat application may be made in two weeks. Apply on calm days to
prevent drift. Wash spreader thoroughly before re-use.
Best time for application is just after a light shower or watering or
early mornin when dew is on the grass. Do not water lawn for at least
24 hours after application nor apply if rain is expected within 24 hours
after application.

CAUTION: Avoid inhalation, contact with skin, eyes or clothing,
contamination of foodstuffs, irrigation ditches, and water used for domes-
tic purposes. Wash hands after handling. Do not apply too close to
flowers, shrubs, or evergreens, or allow loose material to contact
seeds, fungicides, insecticides and fertilizers. Toxic to fish. Do not
contaminate any body of water nor apply when conditions favor runoff
from area treated.

NOTICE: Seller makes no warranty of any kind, expressed or implied,
concerning the use of this product. Buyer assumes all risk of use or
handling, whether in accordance with directions or not.
