STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR INDUSTRIAL AND INSTITUTIONAL USE

Use this product as a Space Spray in food processing plants, or ly when plant is not in operation. Foods should be removed or covered during treatment. All processing surfaces should be covered or thoroughly cleaned before using

SPACE SPRAYING. Remove pets, birds and cover fish aquariums before spraying. Atomize with an Atomizer or Electric Sprayer. To kill Flies, Mosquitos and Gnats, atomize one pint of CARD-O-SECT per 10,000 cubic feet of space

To kill Accessible Cockroaches (Waterbugs), Crickets, Spiders and Silverfish, atomize one quart of CARD-O-SECT per 10,000 cubic feet of space. Use in conjunction with Contact Spraying

Keep doors and windows closed in order to obtain maximum results. Premises should be closed for at least ten minutes after spraying. Do not remain in treated area. Ventilate the area after treatment is completed

CONTACT SPRAYING. For Confused Flour Beetle, Indian Meal Moth, Granary Weevil and Flat Grain Beetle, spray with a Hand Sprayer, Electric Sprayer or Compressed Air Spray Gun. Clean out bins, elevator boots, elevator spouts and machines of all farinaceous material. Then spray CARD-O-SECT on all surfaces, in cracks and hiding places, to kill the accessible stages of insects. This procedure should be repeated as often as necessary

To Kill Bedbugs, spray all cracks, crevices, joints in bedsteads and springs thoroughly. Apply to both sides of mattresses especially to tufts and seams. Direct CARD-O-SECT into all cracks and hiding places about the room and furniture, around baseboards, picture frames, walls and floors. Repeat treatment as often as necessary. Allow fabrics to dry before using

To Kill Roaches (Waterbugs), Silverfish, Crickets and Spiders in premises, direct this spray toward infested areas and directly on the insects. Thorough application should be made by spraying walls, floors, kitchens, room corners and garbage receptacles. Repeat treatment as often as necessary

To control Fleas and Ticks direct this spray toward infested areas and directly on insects. Spray liberally on floors to penetrate deeply into the floor cracks, floor coverings, behind baseboards, as well as cracks in walls. Remove any animals from premises and spray all sleeping quarters of these animals. Repeat treatment as often as necessary   **Reviewed.** ~~
