KRAFT RESIDUAL INSECTICIDE

EPA REG. NO. 5440-33

ACTIVE INGREDIENTS:

Malathion.....3.00%

Aromatic Petroleum Solvent.....85%

INERT INGREDIENTS.....12%

10, 0-dimethyl phosphorothioate of methyl phosphorochloridate for insect control for control of roaches, in fruit warehouses and other food plants, and for killing and repelling eggs of flour and grain beetle, flour moth, and other pest insects. Use as a wet, coarse spray or with a brush at the rate of 2 to 3 gallons per 1000 square feet. Pay particular attention to all wall and floor cracks and other hiding places. Use only in dry places.

Storage bins, refuse cans, and other breeding sites should be given complete coverage with applications repeated as needed for control of small flying insects.

Do not use with other insecticides applied at the same time. Before using in barns, stalls, and other areas, remove all feed and manure.

For more information, contact your local distributor or Cardinal Chemical Company, San Francisco, California.

CAUTION:

KEEP OUT OF REACH OF CHILDREN
DANGEROUS IF SWALLOWED

CAUTION:

Do not use in areas where children or animals are present. Do not use in areas where food is stored. Do not use in areas where people are present. Do not use in areas where people are present. Do not use in areas where people are present.
