**Precautionary Statements  
Hazards to Humans and Domestic Animals  
CAUTION**

Harmful if swallowed. Avoid breathing vapor. Avoid contact with skin, eyes or clothing. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water separately from other clothing before reuse. Do not apply directly to processed food. In commercial food handling facilities, processed food and processing equipment should be covered or removed during application. Do not apply as a space spray while food processing is underway. Facilities and equipment in federally inspected meat and poultry plants must be washed with an effective cleaning compound and rinsed with potable water after spraying. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pet birds, and cover fish aquariums before spraying.

**First Aid**

**IF SWALLOWED:** Call a physician or poison control center immediately. Because of aspiration potential, do not induce vomiting unless under direct medical supervision. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.

**IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water.

**IF IN EYES:** Flush eyes with plenty of water. Call a physician if irritation persists.

**Environmental Hazards**

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water.

**Physical or Chemical Hazards**

This formulation is combustible. Extinguish open flame before space spraying. **DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use this product as a space spray in food processing plants when the plant is not in operation. Foods should be covered before treatment. All processing surfaces should be cleaned before using. Caution: "Do not breathe vapor." Ventilate the area after treatment is complete.

**SPACE SPRAYING:** Atomize with an air stream to kill flies, mosquitoes and gnats, atomize in a room of 10,000 cubic feet of space. Keep door closed to obtain maximum results. Premises should be treated 15-20 minutes after spraying. Fill the room with steam and ventilate thoroughly after treatment.

**CONTACT SPRAYING:** To kill roaches, ants, sowbugs, spiders and centipedes, spray directly on the insects when they are in hiding places such as cracks, crevices and storage areas.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed.

**Storage:** Store in cool, dry area.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved collection facility.

**Container Disposal:** Triple rinse container, or equivalent, before recycling or reconditioning, or before disposal by other means. Do not burn. Dispose of by other means or by other procedures approved by local authorities.

**WARRANTY STATEMENT:** Our products are based upon tests believed to be representative. No warranty is made as to the results obtained if not used in accordance with the label directions. The buyer must assume all liability for damage, resulting from its misuse of the product.
