St. Paul, MN 55116

Attention: Mark Levitt

Gentlemen:

Subject: Super Staph-Trole 64  
EPA Registration No. 5449-6  
Your Amendment Application Dated August 11, 1987

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

1. Make the labeling change listed below before you release the product for shipment bearing the amended labeling.
  - Delete the statement "Only for sale to, use, and storage by servicepersons."
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the 1 gallon labeling is enclosed for your records. Note: Only one net content size is stamped and the 5-gallon size is being returned to you.

Sincerely yours,

  
 John H. Lee  
 Product Manager (31)  
 Disinfectants Branch  
 Registration Division (TS-767C)

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

OCT 16 1987

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

5449-6

SUPER STAPH-TROLE 64™ is a cleaner, disinfectant, deodorizer, fungicide and virucide developed for use in hospitals and other institutions where housekeeping and reduction of cross-contamination by environmental surfaces are of prime importance. This product disinfects Vaccinia virus, Influenza A2, also disinfects Herpes simplex and Adenovirus-type 2 on inanimate environmental surfaces.

#### Directions for use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. 1) Use at 2 (two) ounces per gallon of water. This product will be effective against *Pseudomonas aeruginosa* PRD-10 at this level. It is fungicidal against pathogenic fungi (*Trichophyton mentagrophytes*) at the 2 (two) ounce use-dilution. For best results, apply SUPER STAPH-TROLE 64 use solutions to walls, ceilings, and floor with a clean mop, cloth or sponge. Thoroughly wet all surfaces. Treated surfaces must remain wet for 10 minutes. Prepare a fresh solution daily or when use solution becomes visibly dirty. 2) Always use with clean equipment. 3) Always wear rubber gloves when using this product. 4) Do not mix with any other products (cleaners, detergents or other chemicals). 5) For heavy soil or organic matter a pre-cleaning step is required. This is, clean twice with a solution of 2 (two) ounces per gallon of water.
