Manufactured By:

**ABC COMPOUNDING COMPANY, INC.
P.O. DRAWER 585
MORROW, GA 30260**

**FOR INDUSTRIAL USE ONLY
No warranty, express or implied
of merchantability, fitness or otherwise is made.**

PRECAUTIONARY STATEMENTS
Hazardous to Humans and Domestic Animals. Avoid contamination of food, water or animal feed. Wash contaminated clothing before reuse.
STATEMENT OF PRACTICAL TREATMENT
In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician immediately.

only helps control the hazard of cross-contamination from treated jobs on hard nonporous, environmental surfaces but also kills many organisms that cause odors. Recommended for disinfecting hard nonporous inanimate surfaces. For use in schools, colleges and office buildings. Kills Streptococcus pyogenes, Salmonella choleraesuis, Pseudomonas aeruginosa, Staphylococcus aureus and Trichophyton mentagrophytes (Athlete's Foot Fungus). Virucidal against Influenza Type A/Michigan, Herpes Simplex Type 2, and HIV-1 (AIDS virus)

DIRECTIONS FOR USE
*Kills HIV-1 (AIDS virus) on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in healthcare settings or other settings where there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS). **SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.**

Personal Protection: Disposable latex or vinyl gloves, gowns, face masks, or eye coverings as appropriate, must be worn during all cleaning of body fluids, blood, and decontamination procedures. **Cleaning Procedures:** Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant. **Contact Time:** Effective against HIV-1 (AIDS virus) on hard non-porous surfaces in the presence of a moderate amount of organic soil (5% blood serum) (providing 800 ppm of active quaternary) for a contact time of 5 minutes at room temperature (20-25°C). Use a ten (10) minute contact time for disinfection against all other bacteria, fungi, and viruses claimed (listed above). **Use of Infectious Materials:** Blood and other body fluids should be uncapped and disposed of according to federal, state, and local laws for infectious waste disposal.

Use in violation of Federal Law to use this product in a manner inconsistent with its labeling. For disinfecting, remove gross food particles and heavy soil deposits, then apply this product to walls, floors, garbage cans, and other hard (inanimate), nonporous surfaces such as tables, chairs, countertops, sinks, bathroom fixtures, bedframes and showers with mechanical spray device so as to thoroughly wet surfaces for a contact time of 10 minutes. Let air dry or wipe dry.

DIRECTIONS FOR USE (continued):

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: METAL CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. **PLASTIC CONTAINERS:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

SANITIZING NON-FOOD CONTACT SURFACES
Use on walls, floors, tables at an undiluted use concentration. The product is effective against Staphylococcus and Enterobacter aerogenes in the presence of 5% serum for specified hard, non-porous surfaces.

KITCHEN
Kitchen floors collect both traffic dirt and germs. Use this product anywhere greasy dirt is a problem.

BATHROOM
Great for cleaning and deodorizing basins, tubs, and tiles. Leaves everything bright and clean. Kills odor-causing germs. Use this product where odors are a problem.

TO CLEAN AND DISINFECT TOILET BOWLS
Remove or expel over the inner trap residual bowl water prior to applying solution. Use 4 ounces of concentrate in toilet bowl. Squeeze around bowl and under water rim. Then scrub thoroughly with brush making sure to get under the rim and let stand for at least 10 minutes, then flush. This product, when used as directed, will not harm white or colored bowls or inanimate, hard surfaces. Close cap on container after use.

FOR CLEAN, FRESH HYGIENIC LAUNDRY
For extra cleaning power plus deodorizing action, add 1 cup of the product with regular detergent. Makes Laundry fresh and odor free especially good for grimy work clothes. For stubborn stains and spots, predampen with this Cleaner-Disinfectant before adding to wash load.

MILDEWSTATIC INSTRUCTIONS
This formulation will effectively inhibit the growth of mold and mildew plus the odors caused by them when applied to hard, nonporous surfaces such as walls, floors, and table tops. Apply solution by spraying the product, making sure to wet all surfaces completely. Let air dry. Repeat application weekly or when growth reappears.
