BACK PANEL

READ ENTIRE LABEL BEFORE USING. USE ONLY AS DIRECTED.

DIRECTIONS: To spray, hold can upright and spray infested surfaces only until wet.

Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

Carpet Beetles: Make localized application on areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat if necessary.

Brown Dog Ticks: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floor coverings. Applications should be repeated as infestations warrant and reinfestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animal with this formulation.

Flies, Mosquitoes, Wasps, and Flying Moths -- Outdoors: For outdoor use, only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

Fleas, Chiggers, Ants, and Brown Dog Ticks -- Outdoors: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation. Spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant, and as reinfestations occur.
