Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
  
5481-79

Date of Issuance:  
  
8 NOV 1995

NOTICE OF PESTICIDE:  
       Registration  
  X   Reregistration

(under FIFRA, as amended)

Term of Issuance:  
Unconditional

Name of Pesticide Product:  
Sta-Gon Insecticidal  
Dust

Name and Address of Registrant (include ZIP Code):  
Amvac Chemical Corporation  
4100 East Washington Boulevard  
Los Angeles, CA 90025

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.  
  
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the product listed above. with regards to labeling, you must make the labeling changes listed below:

- Revise the Precautionary Statement to read:  
  
Harmful if swallowed or absorbed through the skin.  
Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.
- Revise the Statement of Practical Treatment to read:  
  
If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.  
  
If in Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.  
  
If on Skin: Wash with plenty of soap and water. Get medical attention:

Signature of Approving Official:  
  
RPK

Date:  
  
8 NOV 1995

3. Under the Direction for Use:

a. Delete the term Metropolitan Use. Alternatively submit information describing the exact meaning of this term.

b. Separate the sentence "It is a violation of Federal Law to use this product in a manner inconsistent with its labeling, so that it is a separate paragraph.

4. Submit two copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

5. Enclosed is a copy of your label stamped "Accepted with Comments." This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for control reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Sincerely,

RPK

Richard P. Keigwin, Jr.  
Product Manager 10

# Sta-Gon!<sup>®</sup> INSECTICIDAL DUST

## COCKROACH CONTROL

ACTIVE INGREDIENT: Boric Acid	- - - - -	99.0%
INERT INGREDIENTS: - - - - -	- - - - -	1.0%
	Total	100.0%

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.  
(If you do not understand this label, find someone to explain it to you in detail.)

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED:** Contact a physician or Poison Control Center immediately.  
**IF IN EYES:** Flush eyes with plenty of water. Get medical attention if irritation persists.

SEE ADDITIONAL PRECAUTIONARY STATEMENTS BELOW

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. May cause eye irritation. Avoid eye contact. Wash hands thoroughly after handling and before eating or smoking. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store product in original container in a cool, dry, locked place out of reach of children. **DISPOSAL:** Do not reuse empty container. Wrap and put in trash.

**FOOD HANDLING ESTABLISHMENTS(Cont.)**

Apply a small amount of material directly into cracks and crevices, such as expansion joints between different elements of construction, or between equipment bases and the floor, wall voids, or hollow equipment legs where roaches hide. Use the squeeze bottle to apply this material in cracks and crevices. Care should be taken to avoid depositing the product on exposed surface or introducing the material into the air. Avoid contamination of food or food processing surfaces.

**SERVING AREAS:** Facilities where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held. Apply as a Spot Treatment to selective surfaces such as baseboards, under elements of constructions into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. ALCO Sta-Gon! INSECTICIDAL DUST is designed for the control of roaches, ants and silverfish which inhabit the dark inaccessible areas of public buildings, restaurants, and homes. When judiciously applied into the cracks and crevices which traditionally harbor cockroaches it will afford extended protection (if left undisturbed) against this universally unaccepted insect. ALCO Sta-Gon! INSECTICIDAL DUST acts slowly but continuously and when properly applied should kill the roach population within 7 to 10 days. Furthermore, because it is non-volatile, it will remain active and effective for extended periods of time if left undisturbed.

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF  
FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A  
CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.**

Reapply product as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuff. Do not apply to marble stone surfaces.

**COMMERCIAL AND METROPOLITAN USE**

Use squeeze duster to apply to large voids such as beneath manholes at the rate of 1 to 2 pounds per manhole opening. One application is usually sufficient for extended periods of time providing dust is not washed away.

**IMPORTANT: PLEASE READ BEFORE USE**

By using this product, the user accepts the following: **LIMITED WARRANTY:** AMVAC warrants that (a) this product conforms to the chemical description on its label; (b) this product is reasonably fit for the purposes stated on its label, subject to the inherent risks referred to herein, when used in accordance with its directions; and (c) that the directions, warnings, cautions, and other statements on this label are based upon responsible experts' evaluations of reasonable tests of effectiveness, of toxicity to laboratory animals and plants, of residues on food crops, and upon reports of field experience. Testing has not been performed on all varieties of food crops, and plants, in all states, or under all application, weather and crop conditions. There are no express warranties other than those set forth herein. Amvac neither makes nor intends, nor does it authorize any agent or representative to make, any other warranty, express or implied. Amvac expressly excludes and disclaims all implied warranties of merchantability, fitness for particular purpose, or any other warranty of quality or performance.

This warranty does not extend to, and the user shall be solely responsible for, any loss or damage which results from the use of this product in any manner which is inconsistent with this label's directions, warnings or cautions.

User's exclusive remedy and Amvac's or seller's exclusive liability for any claim, loss, damage, or injury resulting from the use or handling of this product, whether or not based in contract, negligence, strict liability in tort, or otherwise, shall be limited, at Amvac's option, to replacement of, or repayment of the purchase price for, the quantity of product with respect to which damages are claimed. In no event shall Amvac or Seller be liable for special, indirect, or consequential damages resulting from the use or handling of this product. (5481-79 PM506-01-94)

**HOME USE**

Use a squeeze duster and blow dust into building voids, soffits, under and behind refrigerators and stoves, under tubs, into openings around drains, water pipes and electrical conduits. Remove lower cabinet bottom drawers and dust onto sub flooring. Also treat intersections and corners of shelves in cabinets, cupboards, pantries, and closets. Apply only in areas inaccessible to children and pets. Children and pets should not be in treatment area until after-application is completed. Do not treat pets with this product. Avoid contamination of feed and foodstuffs. Avoid contamination of ornamental plants.

**ATTIC AND SUB-FLOOR VOIDS:** Blow dust, using a power duster, into attic & sub-floor areas such as crawl spaces to prevent infestation from roaches, ants, and silverfish. ALCO Sta-Gon! INSECTICIDAL DUST has electrostatic properties that help it adhere to most surfaces. Enough dust should be used to visibly coat all surfaces, where protection is desired. Use 1 lb. per 1,000 square feet of surface.

**APPLICATION WITHIN FOOD AREAS OF  
FOOD HANDLING ESTABLISHMENTS**

Food Handling Establishments: Places other than private residences in which exposed food is held, processed, prepared or served. **FOOD AREAS:** Application limited to crack and crevice treatment only. Food areas, include areas of receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage, enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas, (when food is exposed and facility is in operation also would be considered a food area).
