PRECAUTIONARY STATEMENTS

Hazards To Humans and Domestic Animals

CAUTION: May be harmful if swallowed, Avoid breathing dust. Avoid contact with eyes, skin or clothing. Wash thoroughly after handling and before eating or smoking. Wear regular long sleeved work clothing. Change to clean clothing daily. Avoid contamination of feed or food stuffs. Keep pets off treated areas until granules have been watered in and grass is dry.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. This product is extremely toxic to aquatic invertebrates. Do not apply directly to water or wetlands. Birds feeding on treated areas may be killed.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store product in original container in a cool, dry, locked place out of reach of children. PESTICIDE DISPOSAL: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned stay out of smoke.

BUILDING PREMISE TREATMENT-FLOWER AND ORNAMENTAL BED SOIL TREATMENT

This material is a granular pesticide for use in the control of earwigs, millipedes, ants and fleas around the outside of buildings, in flower beds and other soil areas planted to ornamentals. Apply this material at the rate of 4 pounds per 1000 square feet of soil area. Apply to give thorough coverage to all soil area, especially along soil cracks next to building foundations.

PEST CONTROL IN ORNAMENTAL TURFS AND LAWNS

For the control of ants, chinch bugs, earwigs, sow bugs, millipedes, fall army-worm, fleas, leafhoppers, lawn moth apply 4 pounds of this material per 1000 square feet of the turf area. For best results, mow lawn and apply material; then allow sprinklers to run for 15 minutes after application.

NOTICE: This product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use. Manufacturer is not responsible for the use of this product contrary to the label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the manufacturer and/or seller, and buyer assumes the risk of any such use.
