This product is toxic to birds. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

**DIRECTIONS FOR USE:**

For control of mosquito larvae, use at the rate of 0.5 to 1.5 fluid ounces per acre. Apply as a uniform spray in sufficient water for good coverage. The higher rate should be used in areas known to have phosphate resistant mosquitoes. Repeat applications as necessary.

Do not use on crops used for food, forage or pasture.

**CALIFORNIA ONLY:** To be used by Mosquito Control Agencies as provided under the contractual agreement with the California Department of Public Health relating to pesticide usage.
