Dear Mr. Prieur:

Subject: Amendment - Label Improvement Program
VAPODRIN RTU INSECTICIDE
EPA Registration No. 5481-146
Your Letter Dated July 5, 1985

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

- a. Under subheading If swallowed, it should read "Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia."
- b. Subheading If in eyes, add the words "if irritation persists," following the word "immediately."
- c. Subheading If on skin, delete "Get medical attention immediately."
- d. Subheading Note to Physician, add the word "sulfate" following the word "Atropine." Add a new sentence, "2-PAM is also antidotal and may be administered in conjunction with atropine."
- e. Under Precautionary Statement, add the sentence "Remove contaminated clothing and wash before reuse."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)

STATEMENTS OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible vomiting should be induced under the supervision of a physician. Have victim drink 1 or 2 glasses of water and touch back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person. This product contains a petroleum hydrocarbon. Vomiting may cause aspiration pneumonia.

IF IN EYES: Flush eyes with plenty of water. Get medical attention immediately.

IF ON SKIN: Remove contaminated clothing and wash affected area with soap and water. Get medical attention immediately.

IF INHALED: Remove victim to fresh air and apply artificial respiration if indicated. Get medical attention immediately.

NOTE TO PHYSICIAN: This product contains a cholinesterase inhibitor; Atropine is antidotal.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe spray mist. Do not get in eyes or on skin. Wash thoroughly with soap and water after handling and before eating or smoking.

SEE NOTE TO PHYSICIAN ON FRONT PANEL OF THIS LABEL: Atropine is antidotal.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. This product is toxic to fish and wildlife. Keep out of any body of water.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. STORAGE: Store product in its original container in a cool, dry, locked place out of reach of children. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

GENERAL DIRECTIONS

VAPODRIN RTU Insecticide is a Ready-To-Use formulation suitable for use in conventional hand, power or automatic spray equipment and in Back Rubbers. It is approved for lactating Dairy Animals. No feed-off period is necessary when used on Beef Animals. Apply to moisten the hair only and not in excess of 2 fluid ounces daily per animal.

PRECAUTIONS IN USING: Do not wet the skin because of possible skin irritation. Do not apply to calves under 6 months of age. After treating Dairy Animals wash the teats with an approved cleaning solution and then dry them prior to milking. Do not treat sick or convalescing animals. Do not treat Brahman or Brahman-cross cattle, as they may show hypersensitivity to organophosphate insecticides. Do not apply dermally in conjunction with trichlorfon and do not use on animals simultaneously or within a few days before or after treatment with, or exposure to, cholinesterase inhibiting drugs, pesticides or chemicals.

LACTATING DAIRY AND BEEF ANIMALS

For control of HORN FLY, STABLE FLY, FACE FLY AND HOUSE FLY make a light application of VAPODRIN RTU daily as a fine mist to thoroughly cover all parts of the animal including the legs.

For control of LICE make 1 to 2 applications of 3 to 3 1/2 ounces of VAPODRIN RTU at 14 day intervals as a fine mist to thoroughly cover all parts of the animal. If VAPODRIN RTU is applied by misting or fogging machine, maximum treatment time per animal is 20 seconds.

BACK AND FACE RUBBERS: For control of Horn Flies and Face Flies on lactating Dairy and Beef Animals, use VAPODRIN RTU in back and face rubbers. Use 1 gallon for each 20 linear feet of burlap back rubber. Recharge the reservoir as needed in automatic rubbers. Animals must rub face on rubbers for best fly control of FACE FLIES.

NOTICE:

NOTICE: This product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use. Manufacturer is not responsible for the use of this product contrary to the label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the manufacturer and/or seller, and buyer assumes the risk of any such use.
