ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent into lakes, streams, ponds, estuaries, oceans, or public water unless this discharge is identified and addressed in an NPDES permit. Do not discharge effluent into sewer systems without previously notifying the sewage treatment plant authority. Notify your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with these directions.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** This product can be stored indefinitely. Because of its characteristic odor, it should be stored in a well-ventilated area away from other products which may absorb odors. Do not store near food or feed.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of empty containers, mixture, or rinseate is a violation of Federal law. If these wastes cannot be disposed of in accordance with label instructions, contact your State Pesticide or Environmental Control Agency, or the nearest EPA Regional Office for guidance. Completely empty bag into formulation equipment. Then dispose of bag in accordance with label instructions, or, if allowed by State and local authorities, by burning. If burning, burn in a controlled incineration.
