US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO. 5481-332
DATE OF ISSUANCE JUNE 1, 1988

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

TERM OF ISSUANCE
Until Reregistration
NAME OF PESTICIDE PRODUCT
Metaldehyde-methiocarb
Granules 2-1 For Homeowner Use

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

AMVAC Chemical Corporation
4100 East Washington Blvd
Los Angeles, CA 90023

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed inhaled or absorbed through the skin. Do not breathe vapors. Wash thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and water before reuse. Do not eat, drink, or use tobacco while handling this product. If poisoning occurs, obtain prompt medical aid.

NOTE TO PHYSICIAN: Emergency Information (213) 284 3810. Methiocarb is a cholinesterase inhibitor.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and very highly toxic to birds. Do not apply directly to water or to ponds, streams, or other aquatic habitats. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply to areas where birds, bees, or other beneficial insects are present. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treated area. Do not apply to areas where birds, bees, or other beneficial insects are present.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with these directions.

SOIL TREATMENT ONLY.. DO NOT APPLY DIRECTLY

Do not allow granules to contaminate edible portions of plants.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store product in a secure, well-ventilated area. Place out of reach of children. Keep container tightly closed when not in use. Do not store in a way that allows for leakage. **DISPOSAL:** Do not re-use empty container. Securely wrap original container in several layers of newspaper.

WHERE TO USE

FOR USE AS A SOIL TREATMENT AROUND THE HOME - ADJACENT AREAS -
IN DICHONDRA and TURFGRASS AREAS - FLOWERING PLANTS -
GROUND COVERS - ORNAMENTAL GREENHOUSES - ORNAMENTAL PLANTS

For best SNAIL, SLUG, SOWBUG and MILLIPEDE control, thoroughly water areas to be treated several hours prior to application. Sprinkle 1 pound of granules uniformly over the area (do not place granules in piles. Scatter bait so it is hardly visible to the pest). For applications special attention should be given to treating areas around benches; on dichondra and around building foundations; along edges of lawns and around cover plants; at the base of fences & walls in shady, protected areas; and on green plants such as Spathiphyllum.

DO NOT USE ON or AROUND PLANTS GROWN IN CONTAINERS

WHEN TO APPLY

Evening application gives most effective control. The effective life of the product is extended if watering is avoided for as long as possible after application. Do not apply to areas that have been recently watered. Repeat application as necessary to keep areas free of SNAILS, SLUGS and SOWBUGS.

NOTICE: This product conforms to its chemical description and is registered under the Federal Insecticide, Fungicide, and Plant Growth Regulator Act. The manufacturer is not responsible for the use of this product contrary to the label instructions, or for any adverse effects under conditions not reasonably foreseeable to the manufacturer and/or user.
