ALCO INSECT STRIP

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

When ready to use, unwrap original package and hang insect strip with hook provided. Homes, Motels, Cabins, Garages: To control flies, mosquitoes, Gnats, use one Insect Strip per average size room (10 x 10 x 10 feet). Normally this is effective for four months. Replace strip if effectiveness diminishes.

Garbage Cans and Trash Dumpsters: For control of flies in garbage cans and dumpsters attach Insect Strip inside can or dumpster. Keep lid on can and dumpster closed.

Animal Buildings: To control flies, mosquitoes, and gnats in Horse Barns, Calf Parlors, Hog Parlors, Stables, Poultry Houses, Tack Rooms and Dog Kennels, place one Insect Strip per 1,000 Cu Ft. of space. If more than one strip is required, distribute them equally over area to be treated. Drafts, weather and other conditions may effect the performance, but these usually last four months. Replace when effectiveness diminishes. Do not contaminate milk or milking equipment.

Milk Rooms: To control flies, mosquitoes, and gnats in milkrooms and bulk milk storage rooms hang one Insect Strip per 1,000 Cu Ft. of space. Do not contaminate milk or milking equipment.

Catch Basin: To control Mosquitoes breeding in catch basins, suspend one Insect Strip about 10 inches above water line. Usual control is 10 to 15 weeks. Replace strip when effectiveness diminishes.

Agricultural Commodities: Bulk Storage of raw grains, corn, soybeans, cocoa beans, and peanuts. For control of Almond Moths, Cocoa Moth, Indian Meal Moth, and Mediterranean Flour Moths infesting non-perishable bulk stored raw agricultural commodities, suspend one Insect Strip per 1,000 Sq. Ft. of air space above the commodities before moths begin to emerge in early spring. Weather and drafts and other conditions effect the performance of the control, but this treatment usually lasts for four months. Replace strip when needed to prevent egg laying by moths.

PRECAUTIONARY STATEMENTS

CAUTION Do not get in mouth, harmful if swallowed. After prolonged storage, a small amount of liquid may form on strip. Do not get liquid in eyes. Wash hands thoroughly with soap and water after handling strip. Do not use in hospitals or clinic rooms, such as patient rooms, wards, nurseries, operating or emergency areas. Do not use in any rooms where infants, the sick or aged are or will be present for any extended period of confinement. Do not use in kitchens, restaurants, or areas where food is prepared or served. Not to be taken internally by humans or animals. Do not use in edible product areas of food processing plants.

STATEMENT OF PRACTICAL TREATMENT

If On Skin: Remove contaminated clothing and wash affected area with soap and water.
If In Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not open or remove from package before ready to install. Store in cool, dry place. Do not reuse packaging. Wrap usual packaging in several layers of newspaper and discard in trash collection.

NOTICE: This product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Manufacturer is not responsible for the use of this product contrary to the label instructions or under abnormal conditions or under conditions not reasonably foreseeable to the manufacturer and/or seller and the buyer assumes the risk of any such use.
