AMVAC Chemical Corporation  
c/o H. R. McLane  
7210 S. W. 57th Ave., Suite 212A  
Miami, FL 33143

Dear Mr. McLane:

Subject: Amendment - Updated Labeling and Confidential Statement  
of Formula  
EPA Registration No. 5481-340  
Your Application Dated May 17, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

- 1. The statement should read:

For use in households, offices, garages, kennels and the nonfood areas of restaurants, industrial plants, warehouses, hospitals (non-patient areas), etc.

- 2. Under Directions for Use change "Do not use in edible product areas...while food is exposed" to the following:

Do not use in food areas of food establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Nonfood areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

LeMaster 3/15/90

3. Use in food handling establishments can imply use in U.S. Department of Agriculture (USDA) Meat and Poultry Plants. Therefore, either add the statement "Not for Use in USDA Meat and Poultry Plants" or submit an application to USDA requesting use in these areas. If granted, you can then indicate on the label that the product can be used in these areas.
4. Revise the Precautionary Statements by adding :  
  
Do not apply in patient rooms or rooms occupied by the elderly or infirm.  
Do not allow children or pets to contact treated surfaces until dry.
5. The Note to Physician should appear immediately following the Statement of Practical Treatment.
6. Following space treatment instructions for flies, mosquitos, etc...add:  
  
"Do not remain in treated area.  
Ventilate area before reoccupying."
7. Following carpet beetle instructions add:  
  
"Allow all articles to thoroughly dry before use."

The updated Confidential Statement of Formula (CSF) is acceptable and has been made a part of the record for this product.

The name change from ZOECON RF-13 VAPORETTE SPRAY to ALCO VAPORETTE SPRAY is acceptable and has been made a part of the record for this product.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca

Exposure to temperatures above 120°F may cause container to burst.

## PHYSICAL AND CHEMICAL PROPERTIES

Flammable. Contents under pressure. Keep away from heat, sparks, open flames, and other sources of ignition. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause container to burst.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use in Homes, Kitchens, Motels, Industrial Plants, Warehouses, and non-food areas of Restaurants, Hospitals & Bakeries.

Remove birds and pets and cover fish bowls and aquariums to prevent contamination of utensil, food, water and foodstuffs. Do not use in processing plants, restaurants, or other areas where food is prepared. Do not use in serving areas while food is exposed. Do not use in areas after treatment is completed.

Follow instructions for specific pests as listed below, re-treat as necessary.

**FLEAS, TICKS** - Thoroughly spray localized infested areas, window frames and sleeping quarters of pets. Repeat as necessary. Do not spray pets.

**FLIES, MOSQUITOES, GNATS, WASPS** - Spray upward and outward for each 1000 Cu. Ft. Keep room closed for 15 minutes.

**ROACHES, WATERBUGS, SILVERFISH, ANTS, SPIDERS, CRACKLEDOGS, BEETLES, BUGS** - Spray liberally into breeding and hiding places, cabinets, walls and woodwork. Thoroughly treat trails, cracks, crevices, crawl, or are seen. Spray directly on insects when possible.

**CARPET BEETLES, MOTH LARVAE** - Clean and air conditioned areas. Spray directly on pests, repeating treatment as needed. Treat upstair areas. Articles not stored in moth tight containers should be treated.

**BEDBUGS** - Spray cracks and surfaces in baseboards, bed frames, and other areas. Take bed apart and treat mattress, springs, frame, and box springs. Repeat treatment every 2-3 hours before re-use.

## STORAGE AND DISPOSAL

Store in a cool area away from children. Replace cap after use. Do not puncture or incinerate.

**NOTICE:** This product conforms to its chemical description stated on the label, when used in accordance with directions. Manufacturer is not responsible for the use of this product under abnormal conditions, or under conditions not recommended by the manufacturer and/or seller and the buyer assumes the risk of any such use.
