DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Remove pre-assembled AMVAC INSECT STRIP from sealed bag when ready to use. Hang in desired location away from windows and out of reach of children and pets. Drafts, weather and other conditions may affect the performance, but treatment usually last for (4) months. Record the date of installation and replace with a new, fresh, full strength strip at the end of four (4) months or when effectiveness diminishes. The AMVAC INSECT STRIP controls flies, gnats, mosquitoes, moths, silverfish, cockroaches, spiders, beetles, and earwigs.

HOUSEHOLD / INDUSTRIAL / COMMERCIAL

Homes, Cabins, Garages, Motels

Controls flies, mosquitoes, gnats and other insects as listed.

Garbage Cans, Trash Dumpsters

For control of flies in garbage cans and dumpsters attach appropriate sized strip (10.5 gram AMVAC INSECT STRIP treats 50 to 100 cu. ft.) inside can or dumpster. Keep lid on can and dumpster closed.

Animal Buildings

Controls flies, mosquitoes, and gnats in horse barns, calf parlors, hog parlors, stables, poultry houses, tack rooms and dog kennels. Do not contaminate food, water or foodstuffs. Do not contaminate milk or milking equipment.

Milk Rooms

Controls flies, mosquitoes, and gnats in milkrooms and bulk storage rooms. DO NOT contaminate milk or milking equipment.

Agricultural Commodities

Bulk Storage of raw grains, corn, soybeans, cocoa beans, and peanuts. For control of Almond Moths, Cocoa Moth, Indian Meal Moth, and Mediterranean Flour Moths infesting non-perishable bulk stored raw agricultural commodities. Calculate cubic feet of air space above the commodity to determine the number of 80 gram AMVAC INSECT STRIP required for treatment. Treat in early spring before moths begin to emerge. Replace strip when needed to prevent egg laying by moths.

Catch Basins

To control mosquitoes breeding in catch basin, suspend one 80 gram AMVAC INSECT STRIP about ten inches above water level. Usual control lasts 10 to 15 weeks.

Utility

To control Fire Ants, and Wasps, which commonly infest utility enclosures, cabinets, and junctions. Remove from sealed bag and hang so air can contact all sides of the strip. Use one (1) 10.5 gram strip per 50 to 100 cu. ft., or one 21 gram AMVAC INSECT STRIP to treat 100 to 200 cu. ft. of enclosed space for utility equipment such as communications equipment, electric, gas, water and cable television. Record installation date and replace when effectiveness diminishes.

Reptile Houses / Terrariums

For control of mites on reptiles: In Reptile Houses: Hang appropriate number of 80 gram strips per 1,000 cu. ft. for the space to be treated. Do not over treat. In Terrariums: Cover the top of an open terrarium having a minimum size of 10 cubic feet with a wire screen and place a 21 gram strip on the screen for 48 hours. Make sure that the reptiles can not touch or contact the INSECT STRIP.

How much space will one strip treat?

Strip Size	Treats cubic feet
10.5 grams	50-100 cu. ft.
21 grams	100-200 cu. ft.
80 gram	900-1200 cu. ft.
100 gram	1000-1500 cu. ft.

Always use the appropriate size and number of strips for the space being treated. If more than one is required distribute them over the space equally.

AMVAC INSECT STRIP

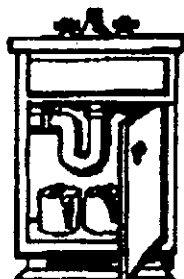

EPA Reg. No. 5481-344

FOR CLOTHES
MOTHS

HOUSEHOLD USES

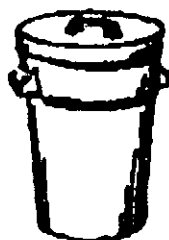

Closets, Wardrobes and Storage Spaces

Gives continuous protection against moths, silverfish, cockroaches and other insects as listed in closets, wardrobes and storage spaces, for up to 4 months and leaves no smell. Remove strip from sealed bag and hang on wardrobe or closet rail, ensuring that strip does not contact clothes or fabrics and that air can circulate around the strip. Keep the space closed. One 10.5 gram strip will treat a space of 50 to 100 cubic feet or one 21 gram strip will treat 100 to 200 cu. ft. for up to 4 months. Record the date of installation so that the old strip may be replaced with a new, fresh, full strength strip at the end of the 4 month period or when effectiveness diminishes. Do not allow children or pets to sleep in these areas when treatment is in progress.

AROUND
PLUMBING

Use as a Small Space Insect Killer

Kills flies and other household insects as listed all summer long. Remove from sealed bag and hang or stand, out of reach of children and pets and away from windows. One 10.5 gram strip will treat a space of 50 to 100 cubic feet or one 21 gram strip will treat 100 to 200 cu. ft. Controls flies, beetles, earwigs, cockroaches, silverfish, mosquitoes, and other small household insects for up to 4 months. Do not use where unwrapped food is stored or allow the strip to come into contact with food or cooking utensils. Record the date of installation so that the old strip may be replaced with a new, fresh, full strength strip at the end of the 4 month period or when effectiveness diminishes.

GARBAGE &
REFUSE CANS

Use as a Fly Killer

Kills flies and other insects as listed all summer long. Remove from sealed bag and hang or stand, out of reach of children and pets and away from windows. One 60 gram strip will treat 1,000 cubic feet which can be equal to an average room 10 x 13 with an 8 foot ceiling for up to 4 months. In a larger room if more than one strip is required, keep them at least 10 feet apart. Record the date of installation so that the old strip may be replaced with a new, fresh, full strength strip at the end of the 4 month period or when effectiveness diminishes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not open or remove from package before ready to install. Store in cool, dry place. Do not reuse packaging. Wrap used packaging in several layers of newspaper and discard in trash collection.

IMPORTANT: PLEASE READ BEFORE USE

By using this product, the user accepts the following: **LIMITED WARRANTY:** AMVAC warrants that (a) this product conforms to the chemical description on its label; (b) this product is reasonably fit for the purposes stated on its label, subject to the inherent risks referred to herein, when used in accordance with its directions; and (c) that the directions, warnings, cautions, and other statements on this label are based upon responsible experts' evaluations of reasonable tests of effectiveness. There are no express warranties other than those set forth herein. Amvac neither makes nor intends, nor does it authorize any agent or representative to make, any other warranty, express or implied. Amvac expressly excludes and disclaims all implied warranties of merchantability, fitness for particular purpose, or any other warranty of quality or performance. This warranty does not extend to, and the user shall be solely responsible for, any loss or damage which results from the use of this product in any manner which is inconsistent with this label's directions, warnings or cautions. User's exclusive remedy and Amvac's or seller's exclusive liability for any claim, loss, damage, or injury resulting from the use or handling of this product, whether or not based in contract, negligence, strict liability in tort, or otherwise, shall be limited, at Amvac's option, to replacement of, or repayment of the purchase price for, the quantity of product with respect to which damages are claimed. In no event shall Amvac or Seller be liable for special, indirect, or consequential damages resulting from the use or handling of this product.
