

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

April 3, 2025

Oscar Perez Ovilla, Ph.D.
Regulatory Affairs Manager
AMVAC Chemical Corporation
4695 MacArthur Court, Suite 1200
Newport Beach, CA 92660-1706

Subject: Label Amendment – Addition of California Prop 65 Language, Approval of New Alternate Brand Name and Other Label Revisions in Direct Response to Agency-Initiated Letter Dated March 12, 2024
Product Name: AMVAC SMALL INSECT STRIP
EPA Registration Number: 5481-344
Application Date: May 6, 2024
Action Case Number: 612746

Dear Oscar Perez Ovilla:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The alternate brand name, “**Nuvan ShieldStrips**” has been added to the product record.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of

statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Carmen Rodia via e-mail at Rodia.Carmen@epa.gov.

Sincerely,

A handwritten signature in dark ink that reads "Tamica Cain". The signature is written in a cursive, flowing style.

Tamica L. Cain, Product Manager 10
Invertebrate & Vertebrate Branch 2
Registration Division (7505T)

Enclosure: *Stamped "Accepted" Master Label, April 3, 2025*

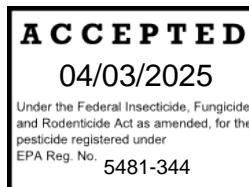

{Note to reviewer: Text in braces { } is for informational purposes and will not appear on the end-use label.}

{Note to reviewer: Text in brackets [] is optional, and may or may not appear on the end-use label.}

{Text in parentheses () will appear on the end-use label.}

AMVAC SMALL INSECT STRIP

[ALTERNATE BRAND NAME: Nuvan ShieldStrips]

ACTIVE INGREDIENT:

Dichlorvos (2,2-dichlorovinyl dimethyl phosphate) 18.6%

OTHER INGREDIENTS* 81.4%

Total 100.0%

*This product contains the toxic inert ingredient Bis (2-ethylhexyl) adipate (DEHA) at 19.8%.

KEEP OUT OF REACH OF CHILDREN

WARNING / AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

(If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID	
IF SWALLOWED	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do NOT induce vomiting unless told to by a poison control center or doctor.• Do NOT give anything by mouth to an unconscious person.
IF INHALED	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
IF IN EYES	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
IF ON SKIN	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage. POISONING SYMPTOMS: This product is a cholinesterase inhibitor. Symptoms include weakness, headache, tightness in chest, blurred vision, non-reactive pin point pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps. TREATMENT: Atropine is the specific therapeutic antagonist of choice against parasympathetic nervous stimulation. If there are signs of parasympathetic stimulation, atropine sulfate should be injected at 10-minute intervals in doses of 1 to 2 milligrams until complete atropinization has occurred. Morphine is contraindicated. 2-PAM is also antidotal and may be administered in conjunction with atropine. Clear chest by postural drainage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: May be fatal if swallowed. Do NOT get in mouth. Harmful if inhaled. Causes moderate eye irritation. Avoid breathing vapors. Avoid contact with eyes or clothing. After prolonged storage, a small amount of liquid may form on strip. Do NOT get liquid in eyes. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

STOP! READ ENTIRE LABEL BEFORE USE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Do NOT apply this product in a way that will contact any person or pet directly. Keep people and pets out of the area during application.
- Do NOT use in the food/feed areas of food/feed processing or food/feed manufacturing or food/feed service establishments, except in garbage containers with lids. Serving areas where food is exposed and the facility is in operation are also considered food areas. Product may be used in serving areas that are not in operation and have no exposed food. Non-food/feed areas of these establishments where the product can be used are areas such as, garbage rooms, lavatories, floor drains (to sewers) and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop-closets, and product storage (after canning or bottling).

- This product is not to be taken internally by humans or animals.
- Do NOT use in any area where people will be present for more than four (4) hours per day.
- Do NOT allow children to handle new or used product.
- Do NOT allow children or pets to play or sleep in these areas when treatment is in progress.
- Do NOT contaminate milk or milking equipment.
- Do NOT use in hospital rooms or clinic rooms, such as patient rooms, wards, nurseries, operating or emergency areas.
- If used within homes, use only in closets, wardrobes, and cupboards, but do NOT use in closets and wardrobes of rooms where infants, children and the sick or aged are or will be present for more than four (4) hours per day.
- Do NOT use in kitchens, restaurants or areas where food is prepared or served (except serving areas that are not in operation and have no exposed food).
- For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

PRODUCT INFORMATION

This product controls [flies] [gnats] [mosquitoes] [moths] [silverfish] [cockroaches] [spiders] [beetles] [earwigs] and other listed insect pests.

This product may be used in [homes, only in closets, wardrobes, and cupboards.] [storage units] [garages] [attics] [enclosed crawl spaces] [boathouses] [museum collections] [garbage cans with lids] [trash dumpsters] [trash bins with lids] [mobile garbage bins] [animal buildings] [milk rooms] [catch basins] [bulk raw grain bins] [storage bins] [enclosed utility boxes] [reptile houses] [terrariums] [and] [non-food/feed areas of food/feed processing or food/feed manufacturing or food/feed service establishments].

Remove the pre-assembled product from the sealed bag when ready to use. Do NOT allow children to handle new or used product. [Place] [or] [Hang] away from windows and out of the reach of children and pets. [To apply product to vertical surfaces, use the enclosed stickers]. [Peel tape on special Velcro® strip. Attach one Velcro strip to the product, and the other to the outdoor garbage container lid.] [Peel tape from adhesive strip. Attach one side to the product, and the other to the outdoor garbage container lid.] Drafts, weather and other conditions may affect the performance, but treatment usually lasts for four (4) months. Record the date of installation and replace with a new, fresh unit at the end of four (4) months or when effectiveness diminishes. [For superior adhesion, clean surface of all residues before applying the enclosed clip to the surface.]

Always use the appropriate size and number of product units for the space being treated. One unit will treat [up to 50 cu ft for 5.25 g units], [up to 100 cu ft for 10.5 g units], [up to 200 cu ft for 16 g units] for up to four (4) months. If more than one unit is needed for the space being treated, space them evenly throughout the treatment area.

How much space will one unit treat?

Unit Size / grams	Treats / cu ft	Approximately Equivalent to Area Measuring / cu ft
5.25	up to 50	8' x 3' x 2' = 48
10.5	up to 100	8' x 6' x 2' = 96
16	up to 200	8' x 8' x 3' = 192

Always use the appropriate size and number of units for the space being treated. If more than one is required, distribute them over the space equally.

HOW IT WORKS: This product utilizes controlled release technology to slowly diffuse a deep penetrating vapor in enclosed spaces for up to four (4) months. The clean, odorless vapor is evenly distributed throughout the enclosed treatment area, killing visible and hidden insects on contact and preventing new insect infestations [while you're away].

PRODUCT FACTS

What It Does:

Kills listed flying and crawling insects including: flies, gnats, mosquitoes, moths, silverfish, cockroaches, spiders, beetles and earwigs.

Where to Use:

Garages, enclosed garbage cans with lids, trash bins, mobile garbage bins, trash dumpsters, storage units, storage bins, utility boxes, enclosed crawl spaces, closets, wardrobes, cupboards, and in garbage containers with lids.

[WHERE TO USE:] [FOR USE IN THE FOLLOWING AREAS:]

Homes

This product may only be used in closets, wardrobes and cupboards. This product gives continuous protection against moths, silverfish, cockroaches and other listed insect pests and leaves no smell [or odor]. This product may be hung from or stood on a rail within the closet or wardrobe. Ensure that the product will not contact clothes or fabric and ensure that air can circulate around it. Keep the treated space closed. Do NOT use more than the number of product units recommended for the space to be treated. Do NOT allow children or pets to play or sleep in these areas when treatment is in progress. Do NOT allow children to handle new or used product. Do NOT use in any area where people will be for more than four (4) hours per day [e.g., Living Room, Family Room].

Garages [Storage Units] [Storage Bins] [Attics] [Enclosed Crawl Spaces] [Boathouses] [and] [Non-food/feed areas of food/feed processing or food/feed manufacturing or food/feed service establishments]

This product controls flies, mosquitoes, gnats and other listed insect pests [for up to four (4) months]. Do NOT use in any area where people will be for more than four (4) hours per day. Place the product in an open space of an enclosed area, and away from windows. Calculate cubic feet of air space to determine the number of product units required for treatment. Place product so as not to impede air circulation. When multiple units are required, distribute them uniformly over the treated space.

Museum Collections

Use this product to protect museum collections and other similar materials from damaging pests when this is a concern. Place product in close proximity or within collection boxes using care to avoid contact with collectible and valuable items. Do NOT use in any area where people will be for more than four (4) hours per day.

Garbage Cans With Lids [Trash Dumpsters, Trash Bins, and Mobile Garbage Bins located outdoors or in garages]

For the control of flies, attach the product inside the can or dumpster and keep the lid closed. [Attach with enclosed cable tie to the hinges of the garbage container.] [Attach enclosed clip to the garbage container lid and insert product.] [Attach enclosed clip, which contains the product, to the garbage container lid.] [Peel tape on special Velcro strip. Attach one Velcro strip to the product, and the other to the garbage container lid.] [Peel tape from adhesive strip. Attach one side to the product, and the other to the garbage container lid.] [For superior adhesion, clean surface of all residues before applying the enclosed clip to the surface.] Do NOT use in any area where people will be for more than four (4) hours per day.

Animal Buildings

This product controls flies, mosquitoes and gnats in horse barns, calf parlors, hog parlors, stables, poultry houses, tack rooms and dog kennels. Do NOT contaminate food, water, foodstuffs, milk or milking equipment by direct contact with the product. Do NOT use in any area where people will be for more than 4 hours per day.

Milk Rooms

This product controls flies, mosquitoes and gnats in milk rooms and bulk storage rooms. Do NOT contaminate milk or milking equipment by direct contact with the product. Do NOT use in any area where people will be for more than four (4) hours per day.

Agricultural Commodities

This product controls listed stored product insect pests [including] [almond moths] [cocoa moths] [Indianmeal moths] [and] [Mediterranean flour moths] infesting non-perishable packaged and bagged or bulk-stored processed and raw agricultural commodities (such as cocoa beans, corn, grains, peanuts and soybeans). Do NOT contaminate foods. Do NOT allow this product to contact foods. Calculate the cubic feet of air space above the commodity to determine the number of product units required for treatment. Treat in early spring before moths begin to emerge. Replace product when needed to prevent egg laying by moths. Hang product so as not to impede air circulation. When multiple units are required, distribute them uniformly over the treated space. Do NOT use in any area where people will be for more than four (4) hours per day.

Catch Basins

To control mosquitoes breeding in catch basins, suspend product about ten inches above the water level. Product may control mosquitoes for 10 to 15 weeks. Do NOT use in any area where people will be for more than four (4) hours per day.

Enclosed Utility Boxes

This product controls mosquitoes and other listed insect pests which commonly infest utility enclosures, cabinets, conduits, junction boxes, enclosed electrical panels, motor control rooms. Record installation date and replace when effectiveness diminishes.

Reptile Houses and Terrariums

This product controls mites on reptiles. In reptile houses, hang the appropriate number of product units for the space to be treated for proper control. Do NOT over-treat. In terrariums, cover the top of an open terrarium having a minimum size of 10 cu ft with a wire screen and place the product on the screen for no more than 48 hours. Make sure that the reptiles cannot touch or contact the product. Product must be removed after the 48-hour treatment interval. Product is NOT intended for treatment of aviaries or birdcages. Do NOT use in any area where people will be for more than four (4) hours per day.

For Use as a Fly Killer

Kills flies and other listed insect pests for up to four (4) months. Remove from sealed bag and [hang] [or] [stand], out of reach of children and pets, in an open space of an enclosed area, away from windows. [Peel tape on special Velcro strip. Attach one Velcro strip to the product, and the other to the garbage container lid.] [For superior adhesion, clean surface of all residues before applying the enclosed clip to the surface.] One unit will treat [up to 50 cu ft for 5.25 g units] [up to 100 cu ft for 10.5 g units] [up to 200 cu ft for 16 g units] for up to four (4) months. In a larger space if more than one unit is required, keep them at least 10 feet apart. Do NOT use in any area where people will be for more than four (4) hours per day.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product in its tightly closed original container, protected from freezing temperatures and away from heat sources and direct sunlight. Store in a secure, cool, dry (preferably locked) area that is inaccessible to children and animals. **DO NOT** store near food or feed. **DO NOT** open or remove from package before ready to install.

PESTICIDE DISPOSAL: **DO NOT** contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING:

Foil Pouch Packaging: **DO NOT** open or remove from package before ready to use. **Disposal: If empty: DO NOT** reuse container. Place in trash or offer for recycling if available. **If partly filled:** Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Inner Container: Nonrefillable container. **DO NOT** reuse or refill this container. Offer for recycling if available or dispose of the container in trash.

Used Product: Used product should be wrapped in paper and discarded in the trash.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants (a) that this product conforms to the chemical description on the label; and (b) that the directions, warnings, and other statements on this label are based upon responsible experts' evaluations of reasonable tests of effectiveness, of toxicity to laboratory animals and to plants and residues on food crops, and upon reports of field experience. Tests have not been made on all varieties of food crops and plants, or in all states or under all conditions. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THIS WARRANTY DOES NOT EXTEND TO THE USE OF THIS PRODUCT CONTRARY TO LABEL INSTRUCTIONS, OR UNDER CONDITIONS NOT REASONABLY FORESEEABLE.

THERE ARE NO EXPRESS OR IMPLIED WARRANTIES OTHER THAN THOSE SET FORTH HEREIN. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE MANUFACTURER NEITHER MAKES NOR INTENDS, NOR DOES IT AUTHORIZE ANY AGENT OR REPRESENTATIVE, TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND IT EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY OF FITNESS FOR A PARTICULAR PURPOSE, OR ANY WARRANTY OF QUALITY OR PERFORMANCE. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THIS WARRANTY DOES NOT EXTEND TO, AND THE BUYER SHALL BE SOLELY RESPONSIBLE FOR, ANY AND ALL LOSS OR DAMAGE WHICH RESULTS FROM THE USE OF THIS PRODUCT IN ANY MANNER WHICH IS INCONSISTENT WITH THE LABEL DIRECTIONS, WARNINGS OR CAUTIONS.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW BUYER'S EXCLUSIVE REMEDY AND MANUFACTURER'S OR SELLER'S EXCLUSIVE LIABILITY FOR ANY AND ALL CLAIMS, LOSSES, DAMAGES, OR INJURIES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER OR NOT BASED IN TORT, CONTRACT, NEGLIGENCE, STRICT LIABILITY IN TORT OR OTHERWISE, SHALL BE LIMITED, AT THE MANUFACTURER'S OPTION, TO REPLACEMENT OF, OR THE REPAYMENT OF THE PURCHASE PRICE FOR, THE QUANTITY OF PRODUCT WITH RESPECT TO WHICH DAMAGES ARE CLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW MANUFACTURER OR SELLER SHALL NOT BE LIABLE FOR SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

AMVAC offers this product, and Buyer accepts it, subject to the foregoing Limited Warranty which may be varied only by agreement in writing signed by an authorized representative of AMVAC.

{NOTE TO REVIEWER: The following alternate warranty statement may be used.}

[NOTICE: Read the entire label before using this product. To the extent consistent with applicable law, AMVAC Chemical Corporation will not be responsible for losses or damages resulting from use of this product in any manner not specifically stated on this label or other labels or bulletins published by AMVAC Chemical Corporation. User assumes all risks associated with such non-specified use.]

STOP! READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove the pre-assembled product from sealed bag when ready to use. Place away from windows and out of reach of children and pets. Drafts, weather and other conditions may affect the performance, but treatment usually lasts for four (4) months. One 5.25 g unit will treat 25 to 50 cu. ft. One 10.5 g unit will treat 50 to 100 cu. ft. One 16 g unit will treat 100-200 cu. ft. Record the date of installation and replace with a new, fresh unit at the end of four (4) months or when effectiveness diminishes. Do not use in food/feed processing or food/feed manufacturing or food/feed service establishments. Non-food/feed areas of these establishments where the product can be used are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and product storage (after canning or bottling). This product controls flies, gnats, mosquitoes, moths, silverfish, cockroaches, spiders, beetles, earwigs, and other listed insects.

WHERE TO USE**FOR USE IN THE FOLLOWING:****GARAGES, ATTICS, ENCLOSED CRAWL SPACES, BOATHOUSES**

Controls flies, mosquitoes, gnats and other insects as listed.

WITHIN HOMES, USE ONLY IN CLOSETS, WARDROBES AND CUPBOARDS. ALSO FOR USE IN STORAGE UNITS AND STORAGE BINS.

DO NOT USE IN AREAS OF A HOME WHERE PEOPLE WILL BE PRESENT FOR MORE THAN FOUR (4) HOURS PER DAY (e.g. Living Room, Family Room).

Gives continuous protection against moths, silverfish, cockroaches and other listed insect pests in closets, wardrobes, cupboards, storage units and storage bins for up to four (4) months and leaves no odor. Remove product from sealed bag and hang or stand on wardrobe or closet rail, ensuring that the product does not contact clothes or fabrics and that air can circulate around the product. Keep the space closed. One 5.25 g unit will treat a space of 25 to 50 cu. ft. for up to four (4) months. One 10.5 g unit will treat a space of 50 to 100 cu. ft. for up to four (4) months. One 16 g unit will treat a space of 100-200 cu. ft. for up to four (4) months. If more than one is required, distribute them over the space equally. Record the date of installation and replace with a new, fresh unit at the end of the four (4) month period or when effectiveness diminishes.

Do NOT use more than the number of units recommended for the space to be treated. Do NOT use in closets and wardrobes of hospital rooms or clinic rooms, such as patient rooms, wards, nurseries, operating or emergency areas . Do NOT allow children or pets to play or to sleep in these areas when treatment is in progress.

GARBAGE CANS WITH LIDS AND TRASH DUMPSTERS

For control of flies in garbage cans with lids and dumpsters, attach appropriate sized product unit (One 5.25 g unit will treat 25 to 50 cu. ft. One 10.5 g unit will treat 50 to 100 cu. ft. One 16 g unit treats 100-200 cu. ft.) inside can or dumpster. Keep lid on can and dumpster closed.

ATTICS, GARAGES, AND ENCLOSED CRAWL SPACES

DO NOT USE IN AREAS OF A HOME WHERE PEOPLE WILL BE PRESENT FOR MORE THAN FOUR (4) HOURS PER DAY.

FOR USE AS A FLY KILLER

Kills flies and other listed insects for up to four (4) months. Remove from sealed bag and hang or stand, out of reach of children and pets, in an open space of an enclosed area, away from windows. One 5.25 g unit will treat 25-50 cu. ft. which is about equal to a space of 8' x 3' x 2' for up to four (4) months. One 10.5 g unit will treat 50-100 cu. ft. which is about equal to a space 8' x 6' x 2' for up to four (4) months. One 16 g unit will treat 100-200 cu. ft. which is about equal to a space of 8' x 8' x 3' for up to four (4) months. In a larger space if more than one unit is required, keep them at least 10 feet apart. Record the date of installation and replace with a new, fresh product unit at the end of the four (4) month period or when effectiveness diminishes.

GUARANTEED RESULTS OR YOUR MONEY BACK

If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the original dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.
