INSTRUCTIONS

For treatment of empty Grain Ships and Silos, Flour Mills not in operation and Tobacco Warehouses, ^{plus} against exposed stored grain insects and exposed stored tobacco insects. Precaution No. 2 should be observed when used in stores containing food. Close all apertures. Place on heat-resisting surface, not in buckets. In deep holds a proportion of generators should be sited on the 'tween decks to ensure adequate vertical distribution. Remove sealed disc—tear away exposed paper. Ignite exposed powder with match or Fumite Lighter provided in each pack. Retire and close exit. Leave for four hours or preferably overnight. Average time of burning approximately 1½ minutes.
