JAMAICA, N.Y. 11423

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION MAY BE HARMFUL IF SWALLOWED. May be a skin irritant and sensitizer. Wear rubber gloves when using indoors. When using outdoors wear long pants, long sleeve shirt, and rubber gloves. Outdoors, spray with the wind to your back. Wash nondisposable gloves thoroughly with soap and water before removing. Avoid inhalation of dust or spray mist. Avoid contact with skin, eyes or clothing. Avoid contamination of feed or foodstuffs. Wash thoroughly after using.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED - Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching finger to back of throat. Never give anything by mouth to an unconscious or convulsing person.

IF IN EYES - Flush with plenty of water.

IF ON SKIN - Wash with soap and water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label before using. Use strictly in accordance with label cautions, warnings and directions. Apply this product only as specified on this label.

STORAGE AND DISPOSAL

STORAGE - Store in original can in a locked storage area, away from other pesticides, fertilizer, food, and feed. Keep can tightly closed after opening. If broken or soiled, wrap up and discard in trash.

PESTICIDE DISPOSAL - Securely wrap original can in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL - Do not reuse empty can. Wrap can and put into trash.

GRO-WELL® ROSE & GARDEN FUNGICIDE will control certain diseases on ROSES, FLOWERS, FRUIT TREES and VEGETABLES.

Mix the required dosage with water (as noted), stirring thoroughly and agitating while spraying in order to obtain a more uniform coverage. Spray plants thoroughly, being sure to cover underside of leaves. A sprayer which attaches to a hose, such as the GRO-WELL® SHRUB & TREE SPRAYER, may be used.

CAUTION: Do not add Sulphur to the spray mixture when applying to Delicious and Baldwin Apples, as the combination may cause spotting, yellowing and dropping of leaves. Injury might occur on Bosc Pears in the Northeast under certain conditions. Where disease control close to harvest is necessary, apply a suitable fungicide alone in a manner which will not leave residues in excess of established tolerances.

WARRANTY STATEMENT

Follow directions carefully, as use, storage and handling of this material is beyond the control of the seller. The buyer assumes all risks if directions given herewith are not strictly adhered to. Seller gives no other or further Warranty, expressed or implied as to the merchantability or any other aspect of products sold.

NOTES: ① Apply at first sign of disease. Repeat at 7 to 10 day intervals and after heavy rains. ② Begin application at pre-bloom and continue at 7 to 10 day intervals. ③ Do not apply within 21 days of harvest. ④ Do not apply within 45 days of harvest. ⑤ Apply diluted spray to an area of 1,000 sq. ft. (20' x 50') at first sign of disease. Repeat at 5 to 7 day intervals or as needed to maintain control. Do not apply within 7 days of harvest.

FOR USE ON	SEE NOTE	TO CONTROL	DOSAGE TO USE	IN GALLONS OF WATER
