 UNDER NO. 5535-37

M. L. ALPERT, INC.
 100 BAYVIEW

Roaches, Ants, Spiders, Crickets, Silverfish, Flies, Mosquitoes, Flying Moths, Carpet Beetles and certain other insects.

TO OPERATE: 1. Remove protective cap. 2. Hold can upright. 3. Press button making sure to point spray can away from you. 4. Hold can 6 to 8 inches from surface to be sprayed. 5. Apply spray covering 1 to 2 lineal feet per second. 6. Moisten surface thoroughly but avoid running or streaking.

ROACHES, ANTS, WATER BUGS, SPIDERS, CRICKETS, SILVERFISH: Hit insects with spray whenever possible. Also spray where they might hide or trails they might use such as cracks, crevices, under sinks, kitchen cabinets, around pipes, door sills, window frames, garbage cans, storage areas, etc. Repeat as necessary.

ANTS, FLIES, MOSQUITOES, FLYING MOTHS: To reduce the chance of these insects entering the house, patio, porch etc., spray areas where insects might light or congregate, such as outside surface of doors, screens, window frames, outdoor light fixtures, the area around porch, patios and also the outside of foundation of the house. Repeat as necessary.

CARPET BEETLES: Apply insecticide to shelves, floor and baseboards in closet. Spray cracks and crevices around closet area. Treat under carpet.

CAUTION: Do not use as a space spray. Use only as directed. Do not spray on clothing. Keep out of reach of children. Do not spray on food, human or animal. Avoid breathing mist or contact with skin. Wash with soap and water after using. Harmful if swallowed. Do not store above 100°. Do not burn or puncture container. To test against material to be treated, spray small inconspicuous area and check results the following day.

There is no amount of any kind, expressed or implied, assuming the liability for personal injury or death. Buyer, user or handler assumes all responsibility. Precautions are followed.
