Sodium Cacodylate [illegible] sodium dimethyl arsinate	22.6%
Cacodylic Acid [illegible] dimethyl arsinic Acid	3.9%
INERT INGREDIENTS	73.5%

Total Arsenic [illegible] water soluble form as elemental arsenic 12.3%

[illegible] 3,200 sq. ft.

GRO WELL REN-O-VATE

[illegible] destroying all [illegible] growth, both grasses and [illegible] used with care for killing weeds in grasses around shrubs, where there is unwanted vegetation.

Good results will be obtained if applied during the growing season from Sp[illegible] when at 3" height and rake before chemical is applied. Use 10 ozs. of Ren-O-[illegible] 1000 sq. ft. of lawn area. 20 x 50. A sprayer such as the Gro Well Shrub & [illegible] is used. If this type sprayer is used, add additional water to the chemic[illegible] to the five gallon mark. This will give you approximately 5 gallons of diluted [illegible] sq. ft. of turf is matted or certain hard to kill weeds are present a second [illegible] later. Area should be dead and ready for seed five days after treatment. Was

1. Do not remove stubble. Because seed must come in contact with the [illegible] heavily matted and bare spots are loosened with an iron rake.
2. Apply a complete fertilizer such as Gro Well Lawn Builder according to
3. Water and thoroughly soak area prior to seeding.
4. Use a good grade of lawn seed, such as Gro Well Premium or Merion [illegible]
5. A very light top dressing of sterilized soil or finely ground peat will im[illegible]
6. Water again lightly in order to wash seed down into soil.
7. Keep area moist with frequent light waterings until at least the firs[illegible] of turf and dry. This could require two light waterings daily.

For killing vegetation around trees, shrubs, driveways, patios and other area[illegible] water to age of vegetation to be killed, being most careful not to get a[illegible]

or bark of desirable plants. A repeat treatment may be necessar[illegible]

NOTE: Mate[illegible] may crystallize at cold temperatures. This does not harm pr[illegible] shake well.

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avo[illegible] contact with skin or clothing. Wash thoroughly with soap and water after usi[illegible] wash hands before eating, drinking or using tobacco. Keep them off treated areas. Do[illegible] [illegible] vegetable gardens. Do not work in treated areas until dusts are [illegible] to dry. Do not allow children or pets to play on treated areas or animals [illegible]

NOTE: Follow directions carefully as use, storage and handling of th[illegible] of the buyer assumes all risks of direct and given herewith ar[illegible]

[illegible] and Insecticide Act [illegible] under Assoc. Ch[illegible]
