FOR ECONOMIC POISON REGISTERED
UNDER NO. SUBJECT
TO ATTACHED COMMENTS.

5535-73

GRO-WELL ORGANIC INSECTICIDE is formulated from natural botanicals to control the range of insects listed below. Kills these insects without leaving poisonous residues which will indiscriminately kill other helpful insects such as Honey Bees and Praying Mantis.

DOSAGE LISTED IS TO BE MIXED WITH ONE GALLON OF WATER

PLANTS	INSECTS	DOSAGE
Roses Flowers Ornamentals-Shade Trees and Greenhouse Plants	Rose Chafer, Midge and Slug; Jap Beetle, Mites: (Clover, Two-Spotted and European Red Spider) Leaf Hoppers, Lace Bugs, Exposed Thrips, Cankerworms, Whitefly, Mealy Bug.	1 tbsp
FRUITS — 1 Apples, Cherries, Pears, Peaches, Blackberries, Grapes and Currants	Leaf Hoppers, Mites (Two-Spotted and European Red Spider), Jap Beetle, Cankerworms, Lace Bugs and Exposed Thrips.	1 tbsp.
VEGETABLES — 1 Tomatoes, Carrots, Beans, Beets, Asparagus, Squash, Celery, Cucumber and Turnips	Beetles (Mexican Bean, Bean Leaf, Flea and Jap), Mites (Clover, Two-Spotted and European Red Spider), Leaf Hoppers, Exposed Thrips, Whiteflies and Lace Bugs.	1 tbsp
PORCH AND PATIO — 2	Mosquitoes, Gnats	6 tbsp

Plants should be sprayed as soon as insects appear to insure best possible results. Spray at weekly intervals or as needed being sure to thoroughly wet both sides of leaves, hitting as many insects as possible with direct spray. A sprayer that attaches to your hose, such as the GRO-WELL SHRUB AND TREE SPRAYER, may be used. Agitate while spraying.

NOTES: 1. Fruits and Vegetables may be sprayed up to one day before harvest without leaving any harmful residues, however, we do recommend your washing these before eating. 2. Spray all hiding and resting places such as grass, shrubs and ornamentals. Treat as large an area as possible around the patio to protect this area temporarily from mosquitoes and gnats, thus reducing their annoyance. Repeat as necessary.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Poisonous if swallowed or absorbed through skin. Avoid contact with eyes, skin and clothing. In case of contact wash thoroughly with soap and warm water. Wash all contaminated clothing with soap and hot water before re-use. Keep container closed and away from heat or open flame.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

NOTE: Follow directions carefully, as use, storage and handling of this material is beyond the control of the seller, the buyer assumes all risks if directions given herewith are not strictly adhered to.

ACTIVE INGREDIENTS:

Pyrethrins	0.5%
Rotenone	1.5%
Other Cube Resins	3.0%
Technical Piperonyl Butoxide*	3.0%
Xylene	85.0%
INERT INGREDIENTS	7.0%
TOTAL	100.0%

*Equivalent to 2.4% (Butylcarbityl) (6-propylpiperonyl) ether and 0.6% related compounds.
