

UNDER THE FEDERAL INSECTICIDE
 FUNGICIDE AND RODENTICIDE ACT
 FOR ECONOMIC CONTROL REGISTERED
 ED UNDER NO. 5535-93 SUBJECT
 TO ATTACHED COMMENTS

GRO-WELL® WASP & HORNET BOMB will quickly kill **WASPS, HOES** and **YELLOW JACKETS** when hit directly with spray. This aerosol delivers a **STREAM-TYPE** spray enabling you to stay back from the target being sprayed. Allow 24 hours for insects which were not directly hit with the spray to leave the area and if they should return, spray again.

DIRECTIONS: To operate, remove protective cap and depress button making certain to aim spray opening away from you and at area to be sprayed. Direct spray at insects whenever possible, and under eaves, into nests, cracks, holes or crevices, wherever insects are noticed. To prevent entrance of insects into buildings spray at points where outside plumbing faucets enter and into cracks or crevices in foundation and along sills and ledges. Spray for about 10 seconds or until surface is moist. Do not saturate.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist or contact with skin, eyes and clothing. If sprayed on skin wash off immediately with soap and warm water. Wash thoroughly after using, and before smoking or eating. Do not spray on humans, pets or other animals. Do not store near feed and foodstuffs. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. To protect fish and wildlife, do not contaminate streams, lakes or ponds with this material.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

WARNING: FLAMMABLE! Contents under pressure. Do not store or use near fire, sparks, open flame and other sources of heat. Exposure to temperatures exceeding 130°F may cause bursting. Do not puncture or incinerate.

NOTE: Follow directions carefully, as use, storage and handling of this material is beyond the control of the seiler, the buyer assumes all risks if directions given herewith are not strictly adhered to.

NOTE TO PHYSICIAN: Carbaryl is a moderate, reversible, Cholinesterase inhibitor. Atropine is antidotal.

ACTIVE INGREDIENTS:

Pyrethrins	0.075%
Piperonyl Butoxide, Technical**	0.188%
