

### DIRECTIONS FOR USE

**SUBTERRANEAN TERMITES —**  
Directions for Non-Professional Use—  
Building Having Basements or Crawl  
Spaces: Mix 4 qts. in 100 gallons water.  
Dig a trench along the outside of the  
foundation walls. In brick or hollow block  
or concrete foundations dig a trench to,  
but not below, the footing. Then as the  
trench is refilled, treat the soil at the rate  
of 4 gallons per 10 linear feet for each foot  
of depth. A trench 3 feet deep would  
require 12 gallons per 10 linear feet.

The objective is to establish a treated soil  
barrier which will prevent termite entry.  
Other critical areas may also require  
treatment. It is suggested that you  
consult the State Extension Service for  
advice.

## CHLORDANE Emulsifiable Liquid

(Contains 8 lbs. Chlordane per gallon)

### ACTIVE INGREDIENTS:

Chlordane\* Technical . . . . . 72%  
Xylene . . . . . 22%

INERT INGREDIENTS: . . . . . 6%  
Total . . . . . 100%

\*Equivalent to 43.2% Octachloro-4, 7-Methanotertra-  
hydroindane and 28.8% related compounds.

## WARNING

### Keep Out Of Reach Of Children

May be fatal if swallowed. Contact with skin can cause  
toxic symptoms. Avoid breathing dust and spray mist. In  
case of contact with skin, wash with soap and water. Avoid  
contamination of feed and foodstuffs.

**DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR  
OPEN FLAME.**

See other precautions on the back side panel

### ANTIDOTE

External—In case of spillage on skin, wash promptly with  
soap and water.

Internal—Emetic of 1 tablespoonful mustard in tumbler of  
water. Call a Physician.

EPA Est. 5549-NC-1

### OBSERVE THE FOLLOWING USE PRECAUTIONS

This product is to be used only as directed on this label.

Do not apply or allow to drift to areas occupied by un-  
protected humans or beneficial animals or onto adjoining  
food, fiber or pasture crops. **THE GROWER IS  
RESPONSIBLE** for residues on his crops as well as for  
damages caused by drift from his property to that of others.

Do not use this product on feed or forage to be fed to dairy  
animals or to livestock being finished for slaughter.

Consult the State Agricultural Extension service for ad-  
ditional information as the timing and number of ap-  
plications needed will vary with local conditions.

Do not reuse the empty container. Destroy by perforating  
or crushing. Bury or discard in a safe place.

This product is highly toxic to bees exposed to direct  
treatment or residues on crops. Protective information  
may be obtained from your Cooperative Agricultural  
Extension Service.

### ENVIRONMENTAL CAUTIONS

This product is toxic to fish, birds and other wildlife. Birds  
and other wildlife in treated areas may be killed. Keep out  
of lakes, streams or ponds. Do not apply where runoff is  
likely to occur. Do not apply when weather conditions favor  
drift from areas treated. Do not contaminate water by  
cleaning of equipment or disposal of wastes. Apply this  
product only as specified on this label.

### NOTICE OF WARRANTY

Buyer assumes all risks of use, storage or handling of this  
material not in strict accordance with directions given  
herewith.
