## DIRECTIONS FOR USE

**TOBACCO (Plant Bed)** For control of Blue Mold, Anthracnose, Flea Beetle, Midge and Crane Fly Larva, and Aphids use 1 to 2 Pounds per 100 square yards depending on the size of the plants. Make first application when the leaves are the size of a dime. Continue twice weekly thereafter. Do not apply within 5 days of pulling. Repeat any application washed off by rain within 24 hours. If insects are not present use 15% Fermate as recommended on the label for control of Blue Mold and Anthracnose.

## WARNING

### KEEP OUT OF REACH OF CHILDREN

**WARNING:** May be fatal if swallowed, inhaled or absorbed through skin. Rapidly absorbed through skin. Do not get in eyes or on skin. Wear natural rubber gloves, protective clothing and goggles. In case of contact wash immediately with soap and water. Wear mask or respirator of a type passed by the U.S. Bureau of Mines for parathion protection. Keep all unprotected persons out of operating areas or vicinity where there may be danger of drift. Vacated areas should not be re-entered until drifting insecticide and volatile residues have dissipated. Do not contaminate feed and food-stuffs. Wash hands, arms, and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use. May cause irritation of eyes, nose, throat and skin. Not for use or storage in or around the home. Workers entering treated fields within 24 hours should wear protective clothing.

**CAUTION:** This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, ponds, and streams. Do not apply to any area not specified on the label. Do not apply when weather conditions favor drift of dust from crop areas treated. Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.
