 SLUG BAIT PELLETS

3%

slug bait pellets

PESTICIDE INGREDIENTS

Active Ingredient, Metaldehyde-----	3%
Inert Ingredient-----	97%

GENERAL DIRECTIONS

Scatter Slug pellets around most likely places for slugs. Scatter in flower beds, vegetable gardens, rose-bushes and hedges. Slugs will be attracted to the pellets. If slugs and snails move in from adjacent property, form a thin line of slug pellets the entire length to form a barrier.

WARNING: Keep out of reach of children, pets, poultry, livestock and foodstuffs. This bait may be attractive to dogs. Keep dogs off treated areas. May be fatal if swallowed. Avoid contact with skin, eyes or clothing. Apply to soil surface on and vegetable plants. Do not contaminate edible parts.

Let No. 5564-2 Form No. 1 SDA Rev. 11-67
