CAUTION: KEEP OUT OF THE REACH OF CHILDREN
Read carefully other cautions on back panel.

NET WEIGHT 15.75 ounces

Back Panel:

SCAMPER ANT AND ROACH KILLER WITH BAYGON^R

CAUTION: CONTENTS UNDER PRESSURE. COMBUSTIBLE MIXTURE. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F. Keep out of the reach of children. Do not spray into or near open flame. Do not smoke while spraying. Spray only in upright position.

Harmful if swallowed. Avoid prolonged breathing of spray mist or repeated contact with skin; wash thoroughly after using. Do not contaminate feed, foodstuffs, utensils, dishes or drinking water. Do not apply to areas which will be contacted frequently by children and do not allow them in treated areas until surfaces are dry. Do not apply to humans, pets, birds or near fish bowls. Avoid excessive wetting of plastics, vinyl or asphalt tile. Do not use as a space spray.

Contains new Baygon^R insecticide which kills insects fast (including resistant flies, roaches and mosquitoes). Baygon^R kills insects that are sprayed, its vapors will penetrate into cracks and crevices to control hiding insects. Baygon^R has residual action so that sprayed surfaces will continue to kill insects for several weeks after application.

DIRECTIONS:

Important--hold container only in upright position to spray. Remove protective cap. Direct spray from face. Hold container 6 to 12 inches from surfaces and spray area of infestation. Thorough applications produce a coating which will vaporize into cracks and crevices and into the room for insect control. If re-infestations occur, repeat applications as necessary. Use for spot treatment only.

ROACHES, RESISTANT ROACHES, WATERBUGS, CRICKETS AND CENTIPEDES. Thoroughly treat cracks and crevices, baseboards, underneath chairs, tables, kitchen shelves, cupboards, sinks, refrigerators, around garbage containers and all places where roaches habitate.

ANTS. Treat ant trails, around door sills and window frames and other places where ants may enter. Apply directly to ant hills.

CLOVER MITES AND SOWBUGS. Spray window and door sills and other points of entry. Apply to outside foundation around doors, windows, porches and along foundation next to ground. For outdoor use on FLIES, MOSQUITOES, GNATS. Apply on screens, door and window frames, light fixtures and other surfaces where insects congregate.

PAPER NEST WASPS. Apply a wet spray to the nests after dark when all pests have returned to their nests.

SCORPIONS, BLACK WIDOW SPIDERS and other spiders. Spray directly on pests when possible. Treat surfaces of garages and outbuildings where pests hide or congregate. Spray points of entrance such as window sills and along crevices.

LABEL COPY FOR SCAMPER ANT AND ROACH KILLER WITH BAYGON^R, CODE NO. 154-50A

Back Panel: (Continued)

SILVERFISH. Apply to cracks, baseboards, behind shelving, bookcases and other storage areas. Apply underneath and around the edges of carpets.

BROWN DOG TICKS. Thoroughly spray cracks, crevices and areas where pets are in the habit of lying down. Do not spray on pets. Allow the sprayed areas to dry thoroughly and replace bedding before permitting use by animals. In treating dog kennels, apply to outside dog runways, window sills and ledges.

For control of roaches in dog kennels, treat all cracks and crevices. For control of flies, gnats and mosquitoes, spray outdoor surfaces of screens, door and window frames, and other outdoor surfaces where these pests congregate.

FLYING ANTS. Spray directly on swarming ants outdoors. Only spray while ants are swarming on the ground. Do not spray in air.

ACTIVE INGREDIENTS:

o-Isopropoxyphenyl Methylcarbamate	0.493%
Petroleum Distillate	86.807%

INERT INGREDIENTS: 12.700%
