See back panel for additional precautions

**NET WEIGHT: 17 oz. (1 lb. 1 oz.)**

Effective when tested by the AOAC Germicidal Spray Method. This product may be used in hospitals.

## SPRAY DISINFECTANT AND AIR DEODORANT

Disinfects and deodorizes surfaces through effective bactericidal and fungicidal activity. Kills most Staph and Strep. organisms, Pseudomonas aeruginosa. Tubercle bacilli Salmonella choleraesuis and Trichophyton interdigitale (athlete's foot fungi) on hard surfaces. Controls odors. \*Kills influenza A2 virus on environmental hard surfaces.

DIRECTIONS FOR USE: Shake well before using.

For Surfaces: Remove protective cap, hold can upright and spray from a distance of 6 to 8 inches until area for treatment is thoroughly moistened. Food contact surfaces must be thoroughly scrubbed with detergent and rinsed with portable water prior to reuse.

For Control of Mold and Mildew on Hard, Non-Porous Surfaces: Clean surfaces prior to application, then spray surface until thoroughly moistened. Allow to dry. Repeat application in 14 days.

For Deodorizing the Air: Direct spray upwards, toward center of room for 3 to 5 seconds.

For Hospital Use: See use directions under "Surfaces". Walls, floors, bedframes, bedpans, urinals, furniture, fixtures, containers toilet seats, diaper pails, instrument trays, examining tables. Spray telephone and similar bedside equipment not easily subject to normal disinfecting procedures.

For Household Use: See use directions under "Surfaces", Kitchens - Sinks, drainboard, cabinets, stove and refrigerator. Empty garbage cans and under sinks. Controls household odors and retards their return. Bathrooms -- Bathtub, wash basin, toilet seat, empty hampers, tiled walls. Controls bathroom odors. General Use - Telephone, pet animal areas, diaper pails, nursery room.
