

[5602-71]

DILUTION DIRECTIONS:

OIL BASE SPACE SPRAYS

To provide fast knock down properties to space sprays for small flying insects use 2% to 6% K-O Concentrate depending upon results desired.

OIL BASE THERMAL FOGGING COMPOUNDS

To provide fast knock down properties to fogging compounds containing pyrethrins, malathion, lindane and other insecticides use 5% to 10% of K-O Concentrate depending upon results desired.

The above recommendations are based on the concentration in the final ready-to-use insecticides.

Thermal fogging compounds containing 5% to 5% Malathion and 5% to 10% K-O concentrate in fuel oils are especially effective in mosquito control.

**HUB STATES
K-O CONCENTRATE**

An insecticide concentrate that provides fast knock down properties to space sprays and fogging compounds.

ACTIVE INGREDIENTS:

Beta-butoxy beta'-thiocyanate diethyl ether	---	26.5%
Petroleum Distillate	---	73.5%
Total	---	100.0%

K-O Concentrate is not for consumer use. K-O Concentrate is sold to manufacturers and formulators of space sprays and fogging compounds.

WARNING!

KEEP OFF OF THE REACH OF CHILDREN.
See other Precautions on the Side Panel.

CAUTION
Harmful to
eyes with
contact
KLE
CAUTION
Combustible
when open

HUB STATES
K-O CONCENTRATE

An insecticide concentrate that provides fast knock down properties to space sprays and fogging compounds.

ACTIVE INGREDIENTS:

Beta-butoxy beta' thiocyanate diethyl ether	- 26.5%
Petroleum distillate	73.5
	<hr/> 100.0

K-O Concentrate is not for consumer use. K-O concentrate is sold to manufacturers and formulators of space sprays and fogging compounds.

WARNING!

KEEP OUT OF THE REACH OF CHILDREN.
See Other Precautions on the Side Panel.

CAUTION

Harmful if swallowed or absorbed through the skin. Do not get in eyes, or on skin or clothing. If K-O Concentrate comes in contact with skin, wash thoroughly and immediately with soap and water.

KEEP OUT OF THE REACH OF CHILDREN!

CAUTION

Combustible liquid, do not use, spill, pour or store near heat or open flame.

Rinse empty container thoroughly with water and discard it.

Do not apply when weather conditions favor drift from areas of operation.
