**DIRECTIONS FOR USE IN AND AROUND THE HOME**

Frequent applications will assure better residual action. This solution with CHLORDANE can be sprayed or painted on surface with a brush. Spray or brush only where humans or animals will not come in contact with chemical.

**WATERBUGS, SPIDERS, ROACHES:** Treat all cracks and other hiding places, where pests will crawl when they come out of hiding, until wet and damp. Use around and under all drain boards, sinks, cabinets, baseboards, stoves and water pipes through floors.

**ANTS:** Apply wherever ants are seen or can travel. Apply around and under all doors, windows and drain boards.

**SILVERFISH:** Spray baseboards, areas behind shelving, bookcases, storage areas, infested areas beneath rugs, and infested surfaces in closets.

**MOSQUITOES, FLIES:** Spray selected surfaces of doors, around windows, and areas frequented by these insects. Also, thoroughly spray screens and selected areas of porches where insects congregate.
