Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 5602-190".
3. Modify the pest, Flying Moths, on your label to read: "Small Flying Moths". Any other depiction may require efficacy data in accordance with 40 CFR 158.
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination.

In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds, and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product
in a manner inconsistent with its labeling.

To Kill Flies, Flying Moths, Gnats, Hornets, Mosquitoes, Sandflies, and Wasps: Close all doors and windows and direct spray upward into center of room with a low, sweeping motion. Spray 5 to 10 seconds for average room (1,000 cu. ft.). Keep nozzle three feet from surfaces. Vacate premises. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

To Kill Ants, Centipedes, Cockroaches, Crickets, Firebrats, Scorpions, Silverfish, Sowbugs, Spiders and Waterbugs: Spray baseboards, cracks, crevices, moist areas and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and ant trails around windows and door sills and other locations. Repeat as necessary.

To Kill Clothes Moths: Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage container such as closets, chests and trunks regularly. Treatment should be repeated every thirty days unless the articles are stored in moth-tight containers.

To Kill Bedbugs: Spray mattresses thoroughly, especially around seams and tufts. Spray bedstead, baseboards and floorboards. Repeat as needed.

To Kill Carpet Beetles: Directly spray as many insects as possible. Spray

4045

Repeat as necessary.

To Kill Exposed Forms of Confused Flour Beetles, Rice Weevils and Saw-toothed Grain Beetles: Find and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on the shelves and return packages after shelves have dried. Repeat as necessary.

To Kill Brown Dog Ticks and Fleas: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pet's quarters after the spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

To treat carpets, spray at the rate of one square foot per second. Repeat as necessary.

Shake well before use. Hold container upright. Apply in short bursts.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

How to assemble and operate the Hub States CONTAINER-APPLICATOR

How to Assemble #5 Applicator Gun:

- 1 Remove valve cap "A" from cylinder.
- 2 Affix the applicator "B" to the valve with slight pressure from a wrench.
- 3 Do not use without applicator "B".
- 4 When utilizing SA-2 Triple Nozzle Automatic Valve, set application timer to correspond with dosage recommendations on left panel.

How to Operate:

- 1 Do not invert the cylinder.
- 2 Keep hand wheel "C" in upward position
- 3 One half turn releases flow.

How to Assemble #25 Applicator Gun:

- 1 Remove valve protection cap from cylinder
- 2 Insert cylinder into carrying bag.
- 3 Affix the hose and applicator to the valve with slight pressure from wrench, if necessary.
- 4 Do not use without applicator.

How to Operate:

- 1 Sling strap of carrying bag over shoulder
- 2 With applicator nozzle directed upward open handwheel a full turn
- 3 Keep the valve in the upright position at all times while in use
- 4 Depress trigger on applicator handle to release spray
- 5 Valve must be tightly closed and the cap replaced before shipment of empty cylinder.
