**READY MIXED HOSE SPRAYER** — This product is ready to use when attached to your garden hose — no mixing necessary because it mixes as you spray. Unscrew spray head from bottle. Inner seal should be snug in neck.

1. Unscrew red spray head from sealer cap. Attach to any garden hose.

2. Unscrew sealer cap and discard.

3. Then screw bottle to spray head. Turn on water. To spray contents from jar place finger over hole on right side of spray head. Contents will not be siphoned from the bottle unless this hole is kept tightly closed. To interrupt spraying simply remove your finger from this hole — then only water will come from the sprayer.

NET CONTENTS 1 QUART LIQUID  
MAKES 40 QUARTS OF SPRAY

#### DIRECTIONS

Use this 2,4-D Weed Killer for the control of Dandelion, Goldenrod, Wild Mustard, Broad-leaved Plantain, Narrow-leaved Plantain, Pennywort, Ragweed, Shepherd's-purse, Thistles, Dock, Wild Morning Glory, Wild Carrot and certain other broad leafed weeds. Chickweed

**LAWN APPLICATION:** Spray 1 quart of 2,4-D Weed Killer on 2500 sq. ft. (1/2 pint to 625 sq. ft.) of lawn or grassy area. Do not use on lawns of creeping grasses, such as bent, except for spot spraying, nor on freshly seeded turf until grass has become established. Clover and other legumes will be damaged. Spot application can be made for the control of dandelions, plantains, and other weeds scattered throughout the lawn by spraying and releasing the finger between sprays. Care must be taken to not release the finger too soon or the 2,4-D will be washed off the weeds. Repeat applications if necessary.

**ONE QUART TREATS 2500 SQUARE FEET**

#### HARMLESS TO MOST LAWN GRASSES WHEN USED AS DIRECTED.

**WEEDY AREAS:** Along fence rows, driveways, in vacant lots and similar non-crop areas, spray 1 quart per 3000 to 4000 sq. ft. Spray during warm weather when weeds are young and actively growing. Repeat applications may be required as new growth appears.

**CAUTION:** Avoid spray drift to susceptible plants as this product may injure beans, peas, tomatoes, grapes, ornamentals, etc. Do not use same sprayer for other purposes. Do not store near fertilizers, seeds, insecticides or fungicides. Avoid contact with skin, eyes or clothes. Avoid inhaling spray mist.

**NOTICE TO BUYER:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

#### DIRECTIONS

2,4-D Weed Killer for the control of Dandelion, Wild Mustard, Broad-leaved Plantain, Narrow-leaved Plantain, Pennywort, Ragweed, Shepherd's-purse, Dock, Wild Morning Glory, Wild Carrot and other broad leaved weeds. Chickweed

**APPLICATION:** Spray 1 quart of 2,4-D Weed Killer (1 quart = 1 1/2 pint to 625 sq. ft.) of lawn or grassy area. Do not use on lawns of creeping grasses, such as St. Augustine, for spot spraying, nor on freshly seeded turf until grass has become established. Clover and other legumes will be damaged. Spot application can be made throughout the lawn by spraying and releasing between sprays. Care must be taken to not touch finger too soon or the 2,4-D will be washed off. Repeat applications if necessary.
