# FULL SEASON ALGAECECIDE

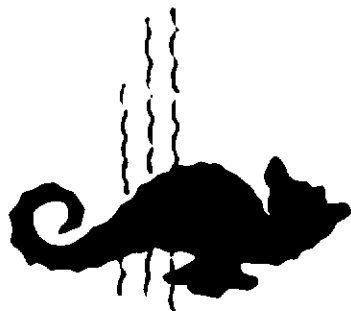

CONTROLS  
ALGAE GROWTH

LASTS A FULL SEASON

**\* PERMANENT TYPE**

CAUTION: KEEP OUT OF REACH OF CHILDREN.  
Read All Directions Before Using.

## DIRECTIONS

USE: 1 bottle for each 4000 gallons.  
1 fluid ounce for each 250 gallons.  
1 level tablespoon for each 85 gallons.

Dissolve proper amount of this package in water to form a clear solution. Distribute this solution into the pool at various points.

ONLY ONE APPLICATION IS NECESSARY. When used as directed, Farmingdale Full Season Algicide aids in the control of algae growth all season long with one application. It will provide clean, clear and sparkling water for an entire season.

## CAUTION

When taken internally in this concentrate form, this product is POISON.

## ANTIDOTE

Raw egg white, milk. Call physician.
