

**DIRECTIONS FOR USE:
FOR DIP OR BATH:**

Mix 8 ounces of concentrate with 22½ gallons of water. Stir well. Apply twice at a 14 day interval for sarcoptic mange. One application controls ticks and fleas. Do not reapply within two weeks.

FOR SPRAYING: Kennel and Dog

8 ounces of concentrate with 22½ gallons of water. Before treatment with spray, be sure dog's coat is completely soaked with clear water.

CAUTION:

May be absorbed through skin. Do not use on sick or convalescing animals. Do not use on nursing females, pups under 4 months or cats. Avoid breathing of vapor. Do not leave on skin. Wash hands and face. Harmful if swallowed. Avoid contamination of feed and utensils. Flammable. Keep away from heat and open fire.

Observe dog after treatment. If reaction occurs, wash dog with soap and water. Avoid contact with eyes. Oil slick spots or film on top of dip solution indicate break in emulsion and danger to dog. When such is evident, discard and mix new dip. If dip is not milky, do not use.

B & B

K-9 DIP

**CONCENTRATE
FOR DOGS**

Controls fleas, ticks, sarcoptic mange mites, and lice by mixing with water for bath or dip. Promotes kennel sanitation by spray or scrubbing.

CAUTION

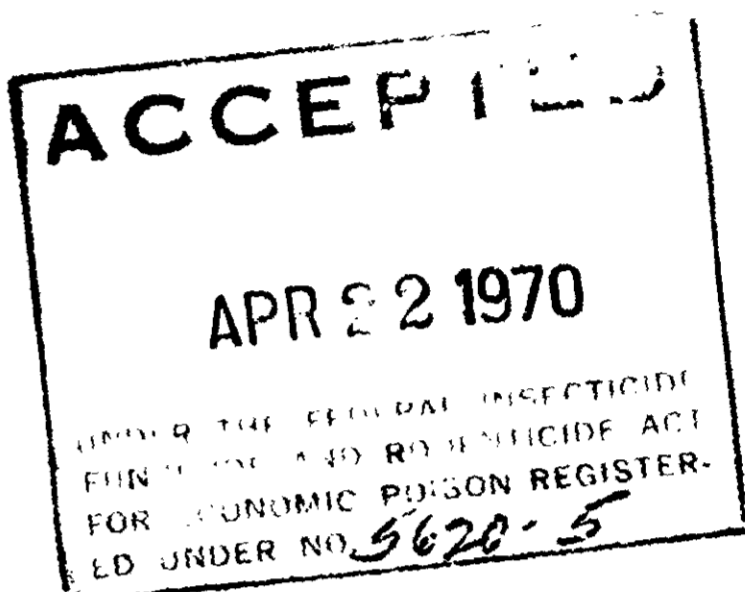

Keep out of the reach of children. See other precautions on back side panel.
