TECHNICAL MAINTENANCE PRODUCTS, INC

1

STERYLITE Bowl Cleaner—Removes rust and lime stains, scum, filth, slime, calcium deposits, Uric acid scale, discoloration from toilet bowls, urinals and all vitreous ware. May be used in toilet systems with septic tanks. Will not harm plumbing or pipes. Contains corrosion inhibitors.

DIRECTIONS

Toilet Bowls; Pour 2 oz. STERYLITE around edge of bowl and allow to remain for several minutes. Brush thoroughly with STERYLITE Bowl Brush under flush ring and around inside of bowl. Repeat operation until clean. After cleaning, rinse bowl by flushing.

Urinals: Saturate STERYLITE Bowl Mop and swab urinal until stains or discolorations have disappeared. To remove odorous scale and algae growth, pour 4 oz. into urinal and allow to remain as long as possible.

WARNING

Harmful if swallowed, causes skin irritation; Avoid contact with skin and eyes. In case of contact, flush skin or eyes with plenty of water for 15 minutes. For eyes, get medical attention. Avoid contamination of food.

ANTIDOTE IF TAKEN INTERNALLY . . . Drink a teaspoonful or more of magnesia, chalk, whiting or wall plaster, or small pieces of soap softened with water, milk or the whites of eggs. Call physician.
