

30 DEC 1986

W.G. Snee Company  
1430 South Peter Street  
New Orleans, LA 70130

Attention: Richard J. Hartwell

Gentlemen:

Subject: CHC-15  
EPA Registration No. 5680-5  
Your Amendment Dated August 28, 1986

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling change listed below before you release the product for shipment bearing the amended labeling:
  - Add the Misuse Statement. See enclosed sample label.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

93753:Pringle:P-3:KENCO:12/29/86:1/8/87:de:VO

CONCURRENCES

		CONCURRENCES					
SYMBOL ▶	TS-767C						
SURNAME ▶	Pringle						
DATE ▶	12/30						

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Jeff Kempter  
Product Manager (32)  
Disinfectants Branch  
Registration Division (TS-767C)

Enclosures

**PRECAUTIONARY STATEMENTS.  
HAZARDS TO HUMANS & DOMESTIC ANIMALS.**

**DANGER:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with and NPDES Per: 1. For guidance, contact the regional office of EPA.

**PHYSICAL and CHEMICAL HAZARDS:** Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

**STORAGE AND DISPOSAL:** Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection, dispose in approved landfill area, or bury in a safe place.

# CHC-15

## A Chlorine Sanitizing Agent

for use as **BACTERICIDE  
GERMICIDE - DISINFECTANT  
DEODORANT - STAIN REMOVER**

**ACTIVE INGREDIENTS**

Calcium hypochlorite

15%

**INERT INGREDIENTS**

Available chlorine

85%

1%

Net Weight: 1.00 lb (454 g)      Net Content: 1.00 lb (454 g)      Net Volume: 1.00 lb (454 g)

### DANGER

— Keep Out of Reach of Children —

— This Package is Not Child Resistant —

#### PRACTICAL TREATMENT (First Aid)

**IF SWALLOWED:** Feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.

**IF ON SKIN:** Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

**IF IN EYES:** Flush with cold water for at least 15 minutes. Get medical attention.

— SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL —

**Keep in a Cool, Dry Place. Replace Cap.**

### DIRECTIONS FOR USE:

"It is a violation of Federal Law to use this product in a manner inconsistent with its labeling."

### GUARDING HEALTH IN PUBLIC PLACES.

CHC-15 solutions are effective for general disinfecting and deodorizing around hotels, hospitals, schools, airports, bus and train terminals, gasoline stations, etc. For disinfecting previously cleaned surfaces such as walls, etc., use two ounces CHC-15 to four gallons of water (80ppm.) Thoroughly wet all surfaces.

**BARS, RESTAURANTS, ETC.:** A CHC-15 germicidal rinse keeps glasses, dishes, food utensils, etc. sanitary. For hand-washing in a three-compartment sink, use the following procedure:

1. Scrape and prewash utensils and glasses wherever possible.
2. Wash with a good detergent or compatible cleaner.
3. Rinse with clean water.
4. Sanitize in a solution of 2/3 ounce CHC-15 (two tablespoons measure) to three gallons of water (200ppm). Immerse all utensils for at least two minutes or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air dry. Fresh CHC-15 solutions should be made up each morning and as frequently during the day as is necessary.

**STAIN REMOVAL FOR DISHES, PORCELAIN, ETC.:** Stains are easily removed by dipping china and other surfaces in a solution containing four level tablespoons of CHC-15 to each gallon of water. Add CHC-15 directly to hot or cold water and stir before using. The slight cloudiness seen in the solution caused by a small amount of precipitated chalk will in no way affect the germicidal efficiency and other properties of the solution. If sprayed, protective equipment to avoid inhalation of fumes and spillage on the operator are necessary.
