JUL 01 1987

Snee Chemical Company  
1382 Tchoupitoulas Street  
New Orleans, LA 70130

Attention: Mrs. Linda Hartwell

Gentlemen

Subject: Pure Mint Odor 7  
EPA Registration No. 5680-17  
Your Submission Dated February 27, 1987

The one-gallon labels that you have submitted are acceptable provided the following labeling changes listed below are made before you release the product for shipment bearing the amended labeling.

1. Delete [redacted] and [redacted] from the actives and adjust the inert ingredients percentages accordingly.
2. Add under the DIRECTIONS heading the following misuse statement:  
  
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
3. Submit five (5) copies of your final printed one-gallon labeling before you release the product for shipment.

The submitted corrected pint size label would be acceptable. However, these labels are being returned to you since only one size set of labels are kept in your product file.

DATE								

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

  
John H. Lee  
Product Manager (31)  
Disinfectants Branch  
Registration Division (TS-767C)

Enclosures

This DISINFECTANT is effective against a wide variety of gram-positive and gram-negative bacteria

This DISINFECTANT is also an excellent deodorant. Use it to control odors, especially those that are microbial in nature

This DISINFECTANT mixes readily with water and makes a clear, stable solution in use dilution. It is non-corrosive and non-staining to porcelain, enameled surfaces, glass, tile, plastics and most common metals

### CAUTION

Harmful if swallowed. Avoid getting in eyes or on skin. In case of contact wash thoroughly with water. If irritation persists, get medical attention. Avoid contamination of food or foodstuffs. Avoid breathing spray mist.

Rinse empty container thoroughly with water and discard it.

### DIRECTIONS

Use in hospitals, public rooms, homes, restaurants, barber and beauty shops and pet animal quarters for disinfecting floors, walls, tables, counter tops and other porcelain enamel, tile, plastic or vinyl surfaces or furnishings

#### For Disinfection:

1. Flush away surface soils with water where possible
2. Clean with a solution of 5 ounces of DISINFECTANT per gallon of water
3. Rinse with clear water
