When used as directed, this product is an effective disinfectant, deodorant, and sanitizer. When used as a sanitizer, food contact surfaces, equipment, and utensils can be air-dried after immersion in a 1 or 2 1/4 gal. solution without a potable water rinse.

When used as directed, this product mixes with water to form clear, stable use solutions that are non-corrosive and non-staining to most common metals, plastics, and tiles.

PRECAUTIONARY STATEMENTS
Hazardous to Humans & Domestic Animals

DANGER

Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Careful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

STORAGE and DISPOSAL

Environmental Hazards: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with an NPDES Permit.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

Prohibitions: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Disinfection in Hospitals, Restaurants, and the Restrooms

(See Additional Precautions on Side Panels)

This product may be used on floors, walls, woodwork, bed frames, furnishings, and bathroom fixtures. Types of surfaces suitable for disinfection include glass, smooth metal, washable painted wood or metal, vinyl, glazed porcelain, plastic finished leather, finished wood and similar non-porous, hard, smooth environmental surfaces.

Always pre-clean surfaces with a suitable detergent and rinse well with water before disinfection. After cleaning, apply a solution containing 1 ounce of Disinfectant per gallon of water for usual disinfecting applications. For disinfecting contagious disease areas, use 1 1/2 ounces per gallon water.

FIRST AID

Practical Treatment: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, raw egg whites, gelatin solution or, if these are not available, drink a large quantity of water. Avoid alcohol. Call a physician immediately.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

ACTIVE INGREDIENTS

Alkyl (C₁₂, 50%; C₁₅, 4%
dimethyl benzyl amine

INERT INGREDIENTS

TOTAL INGREDIENTS

This product fulfills the requirements of the U.S. Public Health Service, calculated as CaCl₂, and Detergent Sanitizer. This disinfectant is effective against *Staphylococcus aureus*, *Staphylococcus aureus*, *Staphylococcus aureus*, the A.O.A.C. Use Dilution on non-porous, hard surfaces.
