**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with 40 CFR sec. 155.107(a) provided that you:

1. submit and/or file all data required for registration/reregistration of your product under 40 CFR 155.107 when the Agency requires it for products similar to yours.
  2. file the phrase "EPA Registered" on your product label in the appropriate location.
  3. submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-50 Enclosure for further information on final printed labeling.
- If your product label is in compliance with the requirements of this registration with the understanding that you will comply with the conditions in the attachment to the registration notice.

## Wash Sanitizer

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### Danger

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance contact your regional office of EPA.

### PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix only with water. Use clean utensils. Do not add this product to any dispersing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, generation of hazardous gases and possible generation of fire explosion. In case of contamination or decomposition do not reseal container. If possible isolate container in open air or well-ventilated area. Flood with large volume of water if necessary.

processing equipment and  
brewery equipment and ut

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with the label. For egg wash: Dissolve one ounce of Wash Sanitizer in ten gallons of water. This provides 100 ppm of available chlorine solution and sanitizes. Eggs may be rinsed with this solution. For dishes, glasses, food processing equipment and utensils: dissolve one ounce of Wash Sanitizer per ten gallons of water. This provides 100 ppm of available chlorine solution. Rinse items prior to sanitizing. The solution should be removed, allow to drip dry, and used in the feed tank for machines providing two to five minutes of sanitizing. The sanitizing solution should be removed and utensils. The sanitizing solutions should be removed. If the solution is allowed to dry and tests show the level of available chlorine is low, additional SS-28 should be added to maintain a minimum of 100 ppm available chlorine.

### STORAGE AND DISPOSAL

Keep product dry in tightly sealed container. Store in a cool, dry place away from heat or open flame. Isolate container, if possible, with large amounts of water to dissolve. Place in trash or approved landfill area or bury.
