EPA EST. NO. 5693-MA-1
EPA EST. NO. 5693-NU-1
EPA EST. NO. 5693-CA-1

KILLS FLEAS, TICKS, LICE and CHIGGERS

DIRECTIONS FOR USE: Shake gently before use. Hold can upright about ten inches from animal with nozzle pointing toward animal. Press button. It may be advantageous, especially on long haired animals, to rub the hand against the lay of the hair, spraying in to the ruffled hair, directly behind the hand. If ticks are present, spray individually. Rub film into animal's coat. Kills fleas in 5 to 10 minutes. Do not use more often than once every 7 days. Repeat treatment as necessary. Use in pet's sleeping area and on bedding to control reinfestation. Do not use on kittens.

Active Ingredients:	
Pyrethrins	0.070%
Carbaryl (1-naphthyl N-Methyl- carbamate)*	0.500%
Petroleum Distillate	0.280%
Inert Ingredients	99.150%
	<hr/> 100.000%

*See Reg. U.S. Pat. Office U.C.C.

CAUTION: Store below 120°F. Do not puncture or incinerate. Do not place on stoves or radiators. Avoid prolonged breathing of spray mist, repeated contact with skin, contamination of feed and food stuffs. Wash hands thoroughly after using. Harmful if swallowed or inhaled. Store in cool, dry place
