Dear Mr. McCollum:

Subject: Label and CSF Change
Multi Purpose Insect Killer
EPA Reg. No. 5693-46
Submission: September 16, 1991

The Confidential Statement of Formula is acceptable and has been placed in your file as a matter of record.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

Reinstate the signal word to "Warning". If you wish to change the signal word by amendment, you must file the appropriate offer to pay certification and cite the method of support for data consideration.

Remove Resmethrin related compounds from the active ingredient statement. Add the percentage to the total for inert ingredients (should be 99.610%). This change is appropriate to the Resmethrin Registration Standard.

Sincerely,

RFR
