

JUN 6 1975

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 5693-53

DIRECTIONS FOR USE

TO OPERATE: Hold can upright and spray infested surfaces only until wet.

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUT-DOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUT-DOORS: For treatment of localized outdoor infestations spray weeds and non-crop vegetation in areas around the home. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

WARNING: Flammable! Contents under pressure. Do not use near fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F. may cause bursting.

EPA Reg. No. 5693-53

SHIELD ROACH & ANT SPRAY

Provides Flushing Action and Fast Knockdown

Odorless - Kills even resistant roaches, ants and flies.

Residual Type Insecticide

ACTIVE INGREDIENTS:

* O,O-Diethyl O-(2 isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate	0.500%
Pyrethrins	0.052%
** Piperonyl Butoxide Technical	0.261%
Petroleum Distillate	68.608%
INERT INGREDIENTS:	30.579%

*Diazinon - Registered Trademark Geigy Chemical Corporation: U.S. Patent No. 2,754,243

** (Equivalent to 0.209% of (butylcarbityl) (6-propylpiperonyl) ether and 0.052% of related compounds.)

WARNING

KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if swallowed. Avoid inhalation and skin contact; wash thoroughly after using. Avoid contamination of feed and foodstuffs. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not spray on or toward plastic tile. Do not use in serving areas while food is exposed. Do not use on household pets or humans.

Do not allow children in treated areas until surfaces are dry.

See back panel for additional cautions.
