Attention: Renaldo Sanabrais

Gentlemen:

Subject: Amendment - Update Labeling
EPA Registration No. 5719-79
Application Dated February 17, 1984

300/118790
17/5

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

At the next label printing we recommend you update the If Swallowed portion of the statement of practical treatment to read as follows:

If swallowed - Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with a finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

In our March 22, 1983, letter we requested a child-resistant packaging certification for this product. You should be aware that these requirements have been revised in a recent FR notice dated January 4, 1984 (FR 49, pp. 380-388; pp. 423-426). You should refer to these documents for further details on compliance.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767)
