Sterigent®
Germicidal Cleaner

A proven one-step cleaner disinfectant in the presence of moderate amounts of organic soil, Sterigent is a quaternary based germicidal cleaner designed for use on a wide range of surfaces such as floors, walls, countertops, sinks and showers.

Sterigent has been specially formulated with low alkalinity so that when used as directed, it will not harm non-porous environmental surfaces.

Sterigent is effective against the pathogenic bacteria Staphylococcus aureus, Pseudomonas aeruginosa and Salmonella choleraesuis even in the presence of organic soil!

Sterigent is recommended for use in hospitals, nursing homes, restaurants, schools, hotels...any commercial, institutional or industrial facility where a clean and sanitary environment is important.

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DISINFECTION:

For one-step cleaning and disinfecting of walls, floors and other hard non-porous surfaces, use Sterigent at 3 oz. per gallon of water (1:43). Apply with a mop, cloth or spray device.

Treated surfaces must remain wet for 0 minutes. Prepare fresh solution for each application. For heavily soiled surfaces, a preliminary cleaning is required.

Deodorization:

When used as directed for cleaning and disinfecting (3 oz. Sterigent per gallon of water), this solution will effectively eliminate noxious odors.

Guarantee: Spartan's modern manufacturing and laboratory control insure uniform quality. If dissatisfied with performance of product, any unused portion may be returned for credit within one year of the date of manufacture. Use product as directed and read all precautionary statements.
