Sterigent Germicidal Cleaner

A proven one-step cleaner disinfectant in the presence of moderate amounts of organic soil, Sterigent is a quaternary based germicidal cleaner designed for use on a wide range of surfaces such as floors, walls, countertops, sinks and showers.

Sterigent has been specially formulated with low alkalinity so that when used as directed, it will not harm non-porous environmental surfaces.

Sterigent is effective against the pathogenic bacteria *Staphylococcus aureus*, *Pseudomonas aeruginosa* and *Salmonella enterica* even in the presence of organic soil!

Sterigent is for use in hospitals, nursing homes, restaurants, schools, hotels...and other commercial, institutional or industrial facilities where a clean and sanitary environment is important.

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is not be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

DISINFECTION:

For one-step cleaning and disinfecting of walls, floors and other hard non-porous surfaces, use Sterigent at 3 oz. per gallon of water (1:43). Apply with a mop, cloth or spray device.

Treated surfaces must remain wet for 10 minutes. Wipe off with a clean cloth or paper towel.

Rinsing of floors is not necessary except before application of a floor finish or polish.

Preliminary cleaning is required for heavily soiled areas.

Before using this product in food processing areas, all food products and packaging materials must be removed from the room or carefully protected. After use, all food contact surfaces must be thoroughly rinsed with potable water before reuse. Do not use this product to disinfect or clean utensils, glasses, dishes, or cookware.

Prepare fresh solution for each application. For heavily soiled surfaces, a preliminary cleaning is required.

405

Deodorization:

When used as directed for cleaning and disinfecting (3 oz. Sterigent per gallon of water), this solution will effectively eliminate noxious odors.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Harmful if absorbed through the skin and if swallowed. Do not get in eyes, on skin or on clothing. Wear protective eye wear (goggles/face shield/safety glasses) rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco, chewing gum or using the toilet. Remove contaminated clothing and wash clothing before reuse.

(Note to EPA: The following text will be used on five gallon pails and larger containers only.)

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

24 HOUR MEDICAL EMERGENCY NUMBER: 888-314-6171

Have the product container or label with you when calling a poison control center or doctor going for treatment.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.
