STERI-PHENE DISINFECTANT DEODORANT

Steri-Phene Disinfectant Deodorant Spray has been designed for use on hard, nonporous environmental surfaces such as tables, counters, bath-tubs, etc.

Steri-Phene Disinfectant Deodorant combines the bactericidal effectiveness of phenol with the deodorizing activity of a quat and gives excellent disinfection and deodorization in one easy application.

Steri-Phene Disinfectant Deodorant has been shown to be effective against the pathogenic bacteria Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa by the Germicidal Spray Products Test as outlined in the 12th Edition of the manual of the AOAC.

DIRECTIONS FOR USE:

Disinfection: Clean all surfaces prior to disinfection. Shake well and apply Steri-Phene Disinfectant Deodorant in a uniform, moist film.

Deodorization: Shake well. Hold unit at 45° angle to the ceiling and spray for 10-15 seconds. Make sure valve opening is pointed in the direction of intended spray.

Avoid inhalation

Do not spray on food or food utensils.

Do not spray in eyes or on skin. Causes eye irritation. In case of contact with eyes, flush at once with water. If irritation persists, get medical attention.

WARNING:

Flammable! Contents under pressure. Do not use near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 130° may cause bursting.
