# Spartan F-1

INDUSTRIAL STRENGTH INSECTICIDE

For use on household and commercial premises to control and eliminate insects such as flies, mosquitoes, cockroaches, ants, and other insects.

### DIRECTIONS FOR USE SHAKE WELL BEFORE USING

Hold container upright with nozzle away from face. Press down on nozzle to spray insecticide.

To kill flying insects such as Mosquitoes, Flies, Wasps, and Flying Moths, spray directly at them with flows and spray from a height of 3 to 6 feet. To kill ants, cockroaches, and other insects, spray directly on them with a sweeping motion, keeping at least 16 inches away from surfaces of fabric. Keep insects away from treated areas until treatment.

To kill crawling insects such as Rats, Water Bugs, Silverfish, Centipedes, Spiders, and Pests, use Bugs Spray. To kill fleas, ticks, and lice, spray on and around pets, and on bedding and furniture. Repeat as necessary.

Ants: Spray directly on ant trails and in cracks and crevices where possible.

Bedbugs: Spray mattress, particularly along the top and seams. Take bed apart and spray on all parts. Wash bedding in hot water and dry. Repeat as necessary.

Fleas: Spray sleeping quarters, bedding, floors, and furniture covering when pets are kept. Repeat as necessary. Use flea comb on pet and pet spray on pets.

**WARNING:** Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.

**CAUTION:** Avoid breathing of vapor or contact with eyes or skin. Vacate premises after treatment and ventilate before reoccupying.

Avoid contamination of feed and foodstuffs. When using this product in food processing plants, food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product in these areas, apply only when facility is not in operation. **Remove pets, birds and cover fish aquariums before spraying.**
